How Pairings are Determined (All Classes)

Geographic Regionals

By IHSA Policy, all teams entered in the Girls' Basketball Class 1A, 2A, 3A & 4A state series shall be assigned to one of thirty-two (32) geographic Regionals.

Seeding Meetings

Seeding will be conducted on-line for each of the thirty-two (32) Regionals in each class. Schools participating in the seeding process will be allowed one (1) vote.

Creating Regional Pairings

The teams assigned to each Regional tournament will be paired according to their over-all seed following the on-line seeding.

Creating Sectional Pairings

Prior to the start of the state tournament series, a blind draw will be held at the IHSA Office to determine the Sectional pairings. The Regionals feeding into each sectional will be arranged alphabetically by the standard IHSA name and assigned one of the letters A, B, C, or D. The blind draw will then determine which Regional winners will meet in the Sectional semifinals.

## Super-Sectionals

Correlated Sectionals are assigned to send winners to pre-selected Super-Sectional sites on basis of geography.

## State Final

By blind draw in IHSA Office
