A two-frame roll off will take place beginning with the 9th frame and concluding with the 10th frame. If the score is still tied after the first tiebreaker, a second tiebreaker will be conducted using the same format. Teams will be allowed in the first tiebreaker, one practice ball per lane with no re-racks. Teams will begin their 9th frame tiebreaker on the same lane they competed on in their last game. The open substitution rule will apply to all tiebreakers. The best score shall advance.

D. Regional Individual Advancement:

F. Regional/Sectional Individual

Advancement Alternates: If an individual bowler from a given regional or sectional cannot participate in the sectional or state final, as certified by the high school principal or athletic director, the next eligible bowler from the regional or sectional will advance in that place. The principal or athletic director from the high school of the bowler withdrawing from the competition **MUST** notify the IHSA in writing by 4:15 pm. on the Tuesday prior to the next level of competition. The IHSA will notify the new advancing individual by 8:30 am. Wednesday morning. After the stated deadlines have passed, no alternate bowler will be filled for the open position.

G. Regional/Sectional Individual Tie

Breaker: The bowlers shall be placed in reverse order based on their final game score. The bowler with the highest final game score bowls last. Once bowlers are placed in order based on their scores, the odd number bowlers will bowl on the left lane and even number bowlers will bowl on the right lane of the predetermined pair.

H. Individual At-large Qualifiers:

From the boys' sectionals two (2) at-large qualifiers will be selected by the IHSA. The IHSA shall survey all the sectionals and determine the 2 bowlers who are the least pins behind the last qualifying spot in the sectional. In the case of a tie, the tie breaker will be broken by the bowler with the highest series. If the tie still is not broken then the bowler with the best 6th game shall advance.

I. At-Large Notification: At-large qualifiers will be posted on the Monday following the sectionals via the IHSA website.

Teams will be allowed in the first tiebreaker, one practice ball per lane with no re-racks. Teams will begin their 9th frame tiebreaker on the same lane they competed on in their last game. The open substitution rule will apply to all tiebreakers. The best score shall advance.

K. State Final Individual Tie Breaker:

The twelve (12) teams with the highest total pin count for two (2) rounds (round 1 score added to round 2 score) shall advance to the third (3rd) round and fourth (4th) rounds. All individual qualifiers will bowl round one (1) and round two (2) on the first day of competition. The thirty (30) individuals that are not a part of a team with the highest total pin count for two (2) rounds (round 1 score added to round 2 score) shall advance to the third (3rd) round and fourth (4th) round. 5) Bowling Ball Alteration: In accordance with USA Interscholastic Bowling Rules, bowlers are allowed to alter the surface of the ball during warm-ups and between rounds by using abrasives such as sandpaper, scotch brights, liquid abrasive, and polishing machines. Unsportsmanlike conduct of bowlers, scorekeepers, coaches, or fans shall be in violation of By-laws 3.141, 6.011 and 6.012.

E. The Game: The Standard tenpin scoring format will be used. Unless otherwise specifically provided in the IHSA printed instructions, the USA Interscholastic High School Bowling Rules and the IHSA Terms and Conditions shall govern equipment and competition in all rounds.

1) Bowling Practice and Warm-ups: None of the bowling lanes within the bowling establishment shall be used for practice on the day of the regionals, sectionals, or the state finals. This includes any individual or team members (starters or non-starters) on the day(s) of tournament play. A scheduled fifteen minutes will be allowed for practice balls during the tournament with seven and a half minutes on each lane. The penalty for bowling prior to this schedule is disqualification of the team or individual from the tournament.

a) In an Uneven Regional: During practice time your first bowler cannot bowl on the second lane until the fifth bowler is done.

b) If a lane breakdown occurs during warm-ups, and no alternate lane is available, teams on the broken pair will receive additional warm-up time, no longer than 10 minutes. Time should be prorated based on the length of time of the breakdown and the length of time left in the warm-up.

2) Substitutions: Coaches may make a substitution in the middle of a game provided the frame is complete. Once the substitution has taken place the bowler who was removed may not re-enter that game or substitute for any other position in that game until the next game. Multiple substitutions for a position are allowed.

The coach making the substitution shall notify the coach who is on the same pair of lanes of the substitution. The frame and the position in which the substitution was made shall be noted on the score sheet along with the name of the substitute.

In the event of an illegal substitution, a 30 pin deduction from the individuals score shall be assessed for each of the frame(s) the illegal substitute bowled. The overall penalty shall not to exceed the bowler's actual score.

3) Individual Honors: Individual bowlers will advance based on their total pin fall in complete game scores. Bowlers with the highest pin fall will earn individual honors and advance.

4) Time Between Rounds: There shall be a minimum of thirty (30) minutes between rounds of tournament competition.

5) Official Score: Coaches shall sign the score sheet to accept the score of teams and/or individuals as official. Addition errors or errors that can be verified may be corrected without penalty.

6) Open Lane: (See Lane Assignment and Conditions).

7) Shot Clock: A student has 30 seconds from the time the pin setter arm goes up to start the delivery of their ball. This would only be implemented if a situation occurs where a team or individual takes an exorbitant amount of time. The shot clock would not be used in case of a lane break down or some unforeseen incident that the student-athlete cannot control. A member of the Games Committee would keep the clock. The Tournament Manager would determine whether or not the team or individual gets placed on the shot clock. Putting a team or individual on the clock would be the only warning the team or individual would get.

Penalty for violation of the shot clock would be:

- 1st — a zero on the ball that went over the shot clock time
- 2nd — a zero for the frame
- 3rd — a zero for the game

F. Lane Assignments and Conditions

1) Regional/Sectional Conditions: It is required that at the regionals or sectionals, the lanes be oiled with a house league/house shot condition.

2) Regional/Sectional Seeding Information: At the regionals and sectionals, teams will not be seeded. Regional participants will be placed in their lanes based on the luck of the draw. Sectional participants will be placed on their lanes based on their finish in the regional by using the chart in the Manual for Schools and Hosts. In the Bowling Chair Class, individuals will be assigned their lanes for the entire post season based on the luck of the draw.

3) Regional/Sectional Lane Rotation: Host schools must follow the lane rotations that are laid out in the Manager's Manual.

4) Regional/Sectional Block System: It is recommended that managers use the block system at the regionals/sectionals. Odd lanes move a block left at the break and even lanes rotate a block right at the break.

5) Sectional Individual Lane Assignments: At the sectional, seeding adjustments will be made so that players from the same school will be assigned to the same lane for the sectional tournament.

6) Open Lane at Regional: Once bowling begins, the team competing on an open lane will have its lead off bowler wait until the last bowler on the team has completed his/her frame to being bowling. Pacer teams are not allowed.

7) Lane Breakdown: In the event of a lane breakdown that takes more than 15 minutes, the bowlers shall move to an open pair of lanes to the right of their block. In the event of a hard break, pins should be re-set at the time of the break on the new lanes. One practice ball on each new lane will be allowed for each bowler as a warmup. The round must be finished on the new lanes regardless of the original pair being repaired.

8) State Final Round 1 and Round 2 Blocks: 6 lanes make up a block. 24 teams will be assigned to one of 5 blocks. 30 individual qualifiers will also be assigned to one of the 5 blocks. When two "Individual Teams" are placed in a block, they shall be assigned to the same pair of lanes. Round 1 and Round 2 assignments are based on the luck of the draw. Note: Individual qualifiers from the same school will stay together for Rounds 1 and 2 but not for Rounds 3 and 4. A true seed will be used for Rounds 3 and 4 and therefore no accommodation shall be made for individuals from the same school.

9) State Final Round 1 and 2 Rotation: Teams will rotate within their block after each game. Bowlers initially starting on the even numbered lane will rotate one pair of lanes to the right within the block. What Our Schools Believe

Sportsmanship is a core value and its promotion and practice are essential. All persons involved in interscholastic athletics and activities are expected to be positive role models.

Sportsmanship of School Representatives By-law By-law 2.041

Students, school staff, boards of education, spectators and all other persons connected directly or indirectly with a member school shall practice and promote the highest principles of sportsmanship and the ethics of competition in all interscholastic relationships.

SAWA Report

Let's Recognize Good Sportsmanship!

The IHSA has a Sport A Winning Attitude (SAWA) Report form online through the School Center. Good sportsmanship can be recognized as well by our office. Simply report to the IHSA (using the online form) an exceptional situation that occurred in a contest. IHSA will follow up on this with the school involved with good sportsmanship.

Guidelines for IHSA Bowling Programs

Comments from the Boys and Girls Bowling Advisory Committee

Cheering at games and meets is a great way to show sportsmanship, but cheering should always be positive. Bowlers should observe the following:

1. Cheers should be in celebration of a great play or in support of your team or team member.
2. Cheering should never be an "in your face" sort of cheer that make fun of, belittles, or otherwise puts down another bowler, opponent, or coach.
3. Cheers may be loud, organized, and enthusiastic, but screaming is not acceptable.
4. Be courteous and keep your cheers in good taste and performed with a sportsmanlike attitude.
5. Bowlers shall not participate in any chanting, cheering, or noisemaking while on the approach.

IHSA Special Report

Process to Address Questionable Behavior

First talk to the coach of the participants who you have a concern with. Work cooperatively to resolve the issue. Use the sportsmanship guidelines to determine what the problem is. If the guidelines are not being followed, and the issue is not fully resolved, talk to your athletic director or principal about it. Ask your administration to help. Typically both athletic directors will communicate with each other and reach a good outcome. If the school administration does not feel like there has been a good resolution, then the athletic director can file a Special Report with the IHSA. IHSA will check into the situation and assist in getting schools to collaborate. Good communication is always the best way for everyone to benefit.

Examples of Possible Regional Lane Assignments

Lanes should be randomly assigned!! This includes Individuals/Blank lanes. Don't just copy the template! Use it as an example!

9 teams + (1 lane of individuals or a blank lane)

Randomly assign each team to a lane. The remaining lane is for individuals or is left Blank.

Even teams DO NOT MOVE the additional pair after game #3 Each team faces one opponent twice. THERE IS NO WAY TO FIX THIS!!

Game	Lane 1	Lane 2	Lane 3	Lane 4	Lane 5	Lane 6	Lane 7	Lane 8	Lane 9	Lane 10
1	A	1	B	Ind/Bl	C	3	D	4	E	5
2	B	5	C	1	D	Ind/Bl	E	3	A	4
3	C	4	D	5	E	1	A	Ind/Bl	B	3
4	D	3	E	4	A	5	B	1	C	Ind/Bl
5	E	Ind/Bl	A	3	B	4	C	5	D	1
6	A	1	B	Ind/Bl	C	3	D	4	E	5

10 teams + no individuals

Randomly assign each team to a lane.

10 teams + (1 lane of individuals + 1 blank lane) OR 10 teams + (2 lanes of individuals)

Randomly assign one lane to the individuals.

Randomly assign a second lane (opposite type: even vs odd) but NOT paired with individuals in game #1

Randomly assign teams to the rest of the lanes

Even teams MOVE one additional pair after game #3 Each team faces Ind#1 or Ind#2/Blank only once.

Game	Lane 1	Lane 2	Lane 3	Lane 4	Lane 5	Lane 6	Lane 7	Lane 8	Lane 9	Lane 10	Lane 11	Lane 12

11 teams + (2 lane of individuals + Blank lane)

Randomly determine the order to assign: ind #1, Ind #2, Blank, or Ind #1, Blank, Ind #2, or Blank, Ind#1, Ind#2

Randomly assign the first to a lane.

If the first lane was odd, assign the second 5 lanes higher than the first, and the third 2 lanes lower than the first. <=Example below shows this case

Scoring and Formats

There are several types and formats for High School Bowling Competition. The most popular and frequently utilized are illustrated below.

High School Bowling USA recommends the use of scratch competition for interscholastic programs.

Typically, bowling leagues utilize a handicapping system in order to enhance the competition for players of different levels of ability. However, interscholastic competition recognizes top performance of athletes in a sport, without the utilization of bonus/handicap points to level the playing field. Schools are grouped by size in “conferences” to better match talent and ability.

There are two scoring systems of play utilized in high school interscholastic competition today with many interscholastic programs using both systems.

Standard Tenpin Scoring*

A game of standard tenpin scoring consists of ten frames with a player delivering two balls in each of the first nine frames unless a strike is scored. In the tenth frame, a player delivers three balls if a strike or spare is scored. Every frame must be completed by each player bowling in regular order.

Baker System Scoring*

Unlike the Standard Scoring where each player records his or her own game score and the totals are added for a team total, the Baker System has players combining for one single game score. With each of the athletes completing frames during the game, the Baker System of play is best described as a bowling relay that creates interdependence within a team to achieve success.

The Baker format is mainly used in five-person team competition where the number one bowler completes the first and sixth frames, the number two bowler completes the second and seventh frames, the number three bowler completes the third and eighth frames, the fourth bowler completes the fourth and ninth frames, and the number five bowler completes the fifth and tenth frames.

Formats

While the game of bowling is traditionally recognized as an individual effort, those individual scores are also traditionally combined to form team totals. Individual recognition only occurs in interscholastic competition at the state championship level.

Match Format

Utilizing the standard tenpin scoring system, most programs currently have teams bowl more than one game to create a match. Various combinations of the following are utilized for team competition:

- All scores are combined, with total match pinfall determining the match winner.
- Athletes' scores are combined each game; highest pinfall determines the winner of the game; most games won determines the winner of the match.
- Athletes compete individually against the corresponding player of the opposing team. Each individual match won is awarded a point. Match wins are then determined by total individual points won for all games bowled or by number of games won, which is determined by most individual points won each game.
- Standard and Baker scoring are combined with the athletes utilizing any of the above formats for one or two standard games then changing to five person Baker teams for an additional one to five games.

**Please note, substitutions are allowed in interscholastic competition. The starting student-athlete once removed from competition cannot return to bowl for the remainder of the standard team game or the Baker System game.*

Managers Additional Information:

Warm-Up Time:

Managers, if there is a lane breakdown during warm-ups, please ensure the school gets the full 15 minutes to warm up.

Please remind coaches, if you are bowling next to an open lane you must wait for your last bowler to complete their warm up frame before the first bowler starts on the open lane.

Spacer Lanes:

Spacer lanes are allowed to be used at regionals and sectionals. They are strictly optional, to be used at the discretion of the hosts.

Ladders:

Hosts and host houses have the option to state that no ladders will be allowed in facility during the state series. If ladders are not allowed hosts shall notify competing schools prior to the start of the event.

Electronic Devices:

Please remind coaches to use discretion when using electronic devices, if at any time electronic devices become a distraction for other competitors they should be put away. Remember receiving any kind of coaching information from electronic devices is illegal. Electronic devices can only be used for score keeping purposes.

Number of participants in the pit: Per the Terms and Conditions the coach(es), the eight bowlers participating and the official scorer (if used) are the only people allowed in the pit area. Subs can sit directly behind their team outside of the pit, but they are not required to do so.

Sportsmanship: Please remind coaches to remind their players, they set the tone for sportsmanship. Bowling has always had strong tradition of having excellent sportsmen and sportswomen, please work together to keep this tradition alive.

Advisory Committee:

Please remind coaches to contact the advisory committee member representing your board division if you have any terms and conditions recommendations for the committee to review

Forming a High School Bowling Program

If your area or state does not currently operate an interscholastic high school bowling program, it's time to get started! Outlined below are the steps to follow.

Beginning a New Program

- Determine interest level among Bowling Industry Partners (ABC, BPAA, WIBC, YABA)
- Designate a leader
- Create a Task Force, Committee or Advisory Board
- Learn about the National HSB program and do your state research
- Create your own individualized state program, utilizing interscholastic association advice
- Approach schools – athletic directors, principals, superintendents
- Advertise to students
- Hold tryouts and practice
- Compete 10-12-14 weeks
- Conduct post-season tournaments
- Evaluate and revise, if necessary

It is recommended that this procedure be followed at the state level to ensure that all programs across a state are operating under the same guidelines. However, it can also be used on a local level if there is not sufficient interest across an entire state.

REMEMBER: If there are no operating teams, it is recommended that at least four teams be organized to form a conference. Organizing only one team will not work since that team will have no one against whom to compete!

Joining an Existing Conference

Determine if your state interscholastic athletic association recognizes bowling as a high school sport.

Meet with the bowling center that is closest to the high school to determine interest in hosting a team.

If it does:

- Meet with the school Athletic Director to determine how to join the conference in which the school regularly competes and how to start a new varsity sport team at the school.
- Recruit a school (staff) sponsor and/or coach.
- Advertise to students.
- Hold tryouts and practice.
- Compete

Emergency Action Plan (EAP)

In accordance with By-law 2.150, a school shall have on file for each student that participates (including practice) in interscholastic athletics a certificate of physical fitness issued by a licensed physician, physician's assistant or nurse practitioner as set forth in the Illinois State Statutes not more than 395 days preceding any date of participation in any such practice, contest or activity. As this By-law addresses pre-participation certification only, there is not a guideline or By-law in place to address release to interscholastic activity following an injury, with the exception of head injury/concussion. With the understanding that schools throughout the state have different needs and services available to them, this document was produced to provide guidelines on an athlete's return to activity following an injury.

Each school should have a written Emergency Action Plan (EAP) in place to address medical emergencies among athletes, staff, officials, and spectators, regardless of severity, occurring during a practice or competition. The plan should also address severe weather, fire, electrical failure, bomb threat, criminal behavior, or other possible emergencies. This plan should be developed to address the unique needs of the individual sport and venue.

EAP's should consist of the following components:

- Personnel
- Communication
- Equipment
- Emergency Medical Care
- Player Medical Information
- Game-day Responsibilities (includes appropriate sideline preparedness)
- Catastrophic Incident Plan

While each school's sports medicine/medical service needs and availability are different, guidelines should also be developed to assist the coaching staff on what injuries should be allowed to return to competition without a medical release. It is not practical to identify every situation or injury; however the following guidelines should assist the school/coaching staff on determining if the athlete should be allowed to return to activity without a release.

1. No swelling or deformity.
2. No headache, nausea, blurred vision, tingling, numbness or sensory changes.
3. Symmetrical (equal to the other side) joint range on motion and strength.
4. Ability to bear weight, without a limp, if injury occurs to the lower body.
5. Ability to complete full functional sporting activities without compensation.

Please remember that the majority of high school athletes are a minor. If there is a question as to their injury and ability to participate, the parents/guardian should be consulted.

Athletes that are unable to meet the above criteria should be encouraged to seek medical treatment prior to return to interscholastic activity. Those athletes that seek medical treatment should be required to provide a written medical release indicating their ability to participate. Without obtaining this release, the school may assume legal liability if the athlete is allowed to participate in activities not permitted by their medical provider.

A proper plan establishes accountability, should be comprehensive, yet flexible, practical, and easily understood. The written EAP must be revised, approved, distributed, and should be rehearsed regularly prior to every athletic season. The athletic department, administration, and sports medicine team share the responsibility to establish, practice, and execute the EAP.

A sample venue-specific is included as a part of this document, which was developed from portions of the third and fourth editions of National Federation of State High School Associations Sports Medicine Handbook.

IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions

“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”

The above language, which first appeared in all National Federation sports rule books for the 2010-11 school term, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion, but not a revision in primary responsibilities in these areas. Previous rules required officials to remove any athlete from play who was “unconscious or apparently unconscious.” This revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. However, the revised language does not create a duty that officials are expected to perform a medical diagnosis. The change in rule simply calls for officials to be cognizant of athletes who display signs, symptoms, or behaviors of a concussion from the lists below and remove them from play.

NOTE: The persons who should be alert for such signs, symptoms, or behaviors consistent with a concussion in an athlete include appropriate health-care professionals, coaches, officials, parents, teammates, and, if conscious, the athlete him/herself.

Definition of a Concussion

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

Behavior or signs observed indicative of a possible concussion

- Loss of consciousness
- Appears dazed or stunned
- Appears confused
- Forgets plays
- Unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Shows behavior or personality changes
- Can’t recall events prior to or after the injury

Symptoms reported by a player indicative of a possible concussion

- Headache
- Nausea
- Balance problems or dizziness
- Double or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish
- Feeling foggy or groggy
- Concentration or memory problems
- Confusion

This protocol is intended to provide the mechanics to follow during the course of contests/matches/events when an athlete sustains an apparent concussion. For the purposes of this policy, appropriate health care professionals are defined as: physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers.

1. During the pre-game conference of coaches and officials, the official shall remind the head coaches that a school-approved appropriate health care professional (who meets the description above) will need to clear for return to play any athlete removed from a contest for an apparent head injury.
2. The officials will have no role in determining concussion other than the obvious situation where a player is unconscious or apparently unconscious as is provided for under the previous rule. Officials will merely point out to a coach that a player is apparently injured and advise the coach that the player should be examined by the school-approved health care provider.
3. If it is confirmed by the school’s approved health care professional that the student did not sustain a concussion, the head coach may so advise the officials during an appropriate stoppage of play and the athlete may re-enter competition pursuant to the contest rules.
4. Otherwise, if an athlete cannot be cleared to return to play by a school-approved health care professional as defined in this protocol, that athlete may not be returned to competition that day and is then subject to his or her school’s Return to Play (RTP) protocols before the student-athlete can return to practice or competition.
5. Following the contest, a Special Report shall be filed by the contest official(s) with the IHSA Office through the Officials Center.
6. In cases where an assigned IHSA state finals event medical professional is present, his/her decision to not allow an athlete to return to competition may not be over-ruled.

Additional information regarding concussion has been made available to IHSA member schools and licensed officials and can be accessed on the IHSA Sports Medicine website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

Concussion Information

Return to Play (RTP) and Return to Learn (RTL)

Background: With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers, advanced practice nurses (APN), physician’s assistants (PA) and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

In 2015, the Illinois General Assembly passed the Youth Sports Concussion Safety Act, and this legislation, among other items, required schools to develop Concussion Oversight Teams and create Return to Play (RTP) and Return to Learn (RTL) protocols that student-athletes must meet prior to their full return to athletic or classroom activity

Mandatory Concussion Education

Required concussion education for all athletic coaches and marching band directors is another component of the Youth Sports Concussion Safety Act passed by the Illinois General Assembly in the fall of 2015.

The IHSA program includes two video presentations and other supplementary materials that ALL high school athletic coaches, marching band directors, and Concussion Oversight Team members need to review prior to taking a required exam over the curriculum. Individuals will be required to demonstrate proficiency on the exam by scoring at least 80% in order to serve as an athletic coach or marching band director at an IHSA member school.

The program offers training in the subject matter of concussions, including evaluation, prevention, symptoms, risks, and long-term effects. Coaches will be able to access the program after logging into the IHSA Schools Center and clicking on the “CON” tab, which will be located under the ‘Departments’ heading on the Schools Center homepage.

For more information on the Youth Sports Concussion Safety Act, including specific requirements of the law and other concussion education providers besides IHSA, individuals can access Sports Medicine resources on the IHSA website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

For those first adopters of this training, new curriculum from the IHSA/IESA is expected to be released in March of 2018 so those whose training will expire in 2018 will be able to remain in compliance with the law.

Unmanned Aerial Vehicle (Drone) Policy

For IHSA Tournaments

Effective February 18, 2015

The use of unmanned aerial vehicles (“UAV”), also known as drones, is prohibited for any purpose by any persons at IHSA tournament venues. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for IHSA broadcast partners, provided the management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the IHSA.

IHSA Tournament Managers/Hosts,

The advent of greater broadcasting technology has brought about many new potential internet broadcasting partners who may contact you seeking to broadcast the postseason IHSA events you host.

The IHSA's official broadcast partner, the NFHS Network, has the first right to exclusively broadcast any postseason IHSA event. If your school streams on the NFHS Network, via either the School Broadcast Program or a fixed Pixellot camera system in your gym or stadium, then you are encouraged to exclusively stream any/all postseason games you host. Additionally, if an NFHS Network school competing in the postseason tournament you are hosting would like to broadcast on the NFHS Network, they should be given exclusivity to do so as well. The NFHS Network also partners with several third party media companies, who should be granted the same exclusivity to broadcast as a school.

If you as the postseason host are not an NFHS Network school, and no competing school contacts you about broadcasting on the NFHS Network, at that point, a third party can be granted the rights to broadcast the event on the internet. In this instance, a broadcast rights fee is due to the IHSA. The internet streaming fee schedule is listed below. Potential broadcasters should be directed to complete and submit the IHSA Broadcast Application form from the IHSA website (TV fee schedule also located in this application), which can be found here:

www.ihsa.org/documents/media/Video%20Ap.pdf

If at any time you ever have questions on the fees or any other matters related to broadcasting or media, please email/call Matt Troha at the IHSA office (mtroha@ihsa.org or 309-663-6377).
