### III. Boys Volleyball Cover Letter

- A. Attention Teams Assigned to the South Sectional:** Due to the growth of boys volleyball outside the Chicago suburban area, IHSA policy 19 'Grouping and Seeding State Tournament Series' applies. Specifically the policy provides "that all bracketed team state series tournaments outside of the Chicago suburban area will begin with geographic regionals." This policy is no different than what your girls' volleyball, boys' and girls' basketball, softball, baseball, boys' and girls' soccer programs have been following although it is relatively new to boys' volleyball.

What that means to boys' volleyball teams assigned to one of those sectionals is that they will be assigned directly into a regional based on geography. The other sectionals will remain sectional complexes. Refer to the assignment sheet posted on the boy's volleyball website to see if your school is assigned to a sectional complex or directly to a regional. Also refer to the Terms and Conditions for the actual language and details on pairings. Assignments are located at [www.ihsa.org](http://www.ihsa.org) click on boys' volleyball page.

- B. Terms and Conditions:** The IHSA Boys' Volleyball Terms and Conditions control the state series. All coaches and officials are responsible to follow the rules and policies provided within them. This includes entry and withdrawal from the state series, IHSA rules, policies, financial arrangements, tournament structure, awards and official fees.
- C. Boys' Volleyball Manual and Forms for Schools:** All the necessary instructions for the state series are included in this manual. This includes the terms and conditions, seeding process, playing rules, up-to-date statistics information, instruction for uploading photos for the state final program, state final information, Score Zone reporting, tournament information and miscellaneous downloadable forms. This manual will be located at [www.ihsa.org](http://www.ihsa.org) click on the boys' volleyball page.
- D. IHSA Boys' Volleyball Website:** ([www.ihsa.org](http://www.ihsa.org) click on the boys' volleyball page.) This site is where coaches can find the Terms and Conditions, the Boys Volleyball Manual for Schools, the Boys Volleyball Manual for Managers, assignment sheets, final seeds and pairings and more. This site is open to the public and is continually updated throughout the season.
- E. IHSA School Center – Password Protected:** Coaches and Managers will use the IHSA School Center for the seeding process and reporting of information. Athletic Directors and Coaches will find the activity tracker indicating when and if a task has been completed, the Volleyball Season Summary Sheet, the seeding process and the results of seeds. Managers will find officials assignment for their regional or sectional, along with online financial reports. Since the IHSA School Center is a password protected center, coaches will need to talk to their athletic director about access. The IHSA School Center is located on the IHSA Home page at [www.ihsa.org](http://www.ihsa.org) click on School Center located at the top left side of the page.
- F. State Final Information:** Should your team qualify for the state finals, the state final information will be posted on the boys' volleyball web page ([www.ihsa.org](http://www.ihsa.org) click on the boys' volleyball page). No material will be sent or distributed to participating schools.
- G. Online Rules Meetings:** This meeting meets the by-law requirements for coaches to attend. It is mandatory for a school to participate in the state series.

# SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE SEASON

1. Send a reminder card or email to the officials after you have them scheduled.
2. Reminder should include date of contest, time, level, location and sport.

Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director. **Avoid embarrassment.**

3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

## SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
  - A) Provide a reserved parking space.
  - B) Meet officials and take them to the dressing room.
  - C) Have refreshments available for halftime and postgame.
  - D) Ask for any additional needs.
  - E) Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
  - F) Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

# SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

1. Insist coaches display good sportsmanship and are proper examples for your players and crowd.
2. Have your public address announcer or cheerleader read the IHSA sportsmanship statement and remain unbiased during contest.
3. Make sure the event supervisor understands the duties and responsibilities pertinent to that contest.
4. Make sure the playing area is maintained during halftime of each contest. For wrestling, make sure the mat is properly cleaned and washed.
5. Help with adverse weather conditions; monitor accordingly.
6. Make sure proper crowd control is visible and in place. Good administrative control can prevent difficult situations.
7. Observe the crowd during the contest and prevent any disturbances that may occur.
8. Work with the official during the game regarding crowd control.
9. Retrieve the game ball at the end of the contest.
10. Escort the officials back to the dressing room at halftime and at the conclusion of the contest.

## SCHOOL'S RESPONSIBILITY TO AN OFFICIAL AFTER THE CONTEST

1. Escort the officials safely back to the dressing room and parking lot.
2. Do not allow unauthorized persons in the dressing room after the game. This includes coaches.
3. Have refreshments available for the officials after the contest.
4. Be sure to thank the officials for their time and effort, regardless of the outcome of the game.
5. Make sure arrangements for paying the officials have been completed. It is preferable to pay the official the day of contest.
6. Ensure that officials are not confronted by anyone after the contest.

## IV. COACHES' AND MANAGERS' SAFETY INFORMATION

### Healthy Volleyball Environment

School administrators, coaches and officials share a very important responsibility to the student-athletes that are participating in the state series matches, to provide equipment, facilities and an environment that is as free of risk as possible. The concern for the health of our high school volleyball players in our programs should be primary.

### Responsibility

Crowd supervision is critical. Administrators and other supervisors should observe the crowd and react quickly and reasonably when conduct becomes negative and drops below the level of expected behavior. To ignore inappropriate behavior by any spectator will only enable a person or people to continue in the same fashion.

The role of an official in this regard is with the game. The role of the host school management is outside the lines. Any act dangerous to others, is an unsafe behavior, incites participants or spectators to violent or abusive action, exhibits obscene gestures, or yells profanity and/or provocative type language toward an official, student-athlete, coach, spectator, bench and/or score table personnel is considered unsportsmanlike. Such undesirable behavior requires immediate attention by the officials and/or the host school.

### Procedure

If a situation occurs outside the lines, therefore outside the jurisdiction of the rulebook, the official shall instruct the host manager to take care of the problem. If possible this should be done without stopping the match. (i.e. between a game or during a time out) If not possible, the official should stop play until the host management takes care of the situation. If the Manager, Athletic Director and/or local school Principal is not in the gym, it becomes the responsibility of the host school coach to handle if her/his team is playing.

The posting of the expected behavior at the gymnasium entrance clarifies to everyone the IHSA's expectation of all participants.

### Preventative

*Host School:* Whenever possible, the competing teams should be seated so that the crowd is not behind them. If that is not possible and fans must be seated behind a bench, that area should be carefully monitored. In situations of this kind, the IHSA suggests the first couple rows can be reserved for senior citizen, handicapped seating, press or other teams.

*Officials:* Officials should use the pre-game conference to do preventative officiating and make sure the line judges and scorers are trained. In addition, the official should consider any negative history between schools or teams, coaches, or fans. If there is, then the officials should discuss with her/his partner and choose a plan of action. Whenever possible, cover the expectation and consequences at the pre-game conference with captains and coaches.

# Prevention of Heat Illness Guidelines

Athletes participating outdoors in hot, humid weather or indoors, in non-air conditioned or poorly ventilated gyms are susceptible to heat related illness. While it is the responsibility of each school participating in an IHSA contest to allow adequate acclimatization to the heat prior to the contest, it is the authority of the local manager to adjust or alter a contest based on the environment. Managers should check the environment one-hour before the scheduled contest.

If a high risk is present, the manager has the authority to alter game conditions. Athletes should drink one to two cups of water in the hour preceding competition and continue drinking during the activity every 15-20 minutes. If conditions become severe the manager may suspend or alter the contest. Altering the contest may include stoppage of play for a mandatory drink period, stopping play for a rest period where gear and clothing may be loosened to allow heat loss, stopping play to allow for removal of outer clothing, socks and or shoes or even postponing the contest.

Local Managers should refer to the Heat Index Table below if the host school does not have a plan or means to assess both the temperature and humidity prior to the contest. This heat index can be used to define caution, extreme caution, danger and extreme danger risk conditions. Additional heat and hydration information can be found by accessing the Sports Medicine link on the IHSA web site at [www.ihsa.org](http://www.ihsa.org).

## **Return to Play (RTP) Policy**

**Background:** With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

**Policy:** In cases when an athlete is not cleared to return to play the same day as he/she is removed from a contest following a possible head injury (i.e., concussion), the athlete shall not return to play or practice until the athlete is evaluated by and receives written clearance from a licensed health care provider to return to play.

For the purposes of this policy, licensed health care providers consist of physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers working in conjunction with physicians licensed to practice medicine in all its branches in Illinois.

## IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions

**“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”**

The above language, which first appeared in all National Federation sports rule books for the 2010-11 school term, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion, but not a revision in primary responsibilities in these areas. Previous rules required officials to remove any athlete from play who was “unconscious or apparently unconscious.” This revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. However, the revised language does not create a duty that officials are expected to perform a medical diagnosis. The change in rule simply calls for officials to be cognizant of athletes who display signs, symptoms, or behaviors of a concussion from the lists below and remove them from play.

**NOTE: The persons who should be alert for such signs, symptoms, or behaviors consistent with a concussion in an athlete include appropriate health-care professionals, coaches, officials, parents, teammates, and, if conscious, the athlete him/herself.**

### Definition of a Concussion

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

### Behavior or signs observed indicative of a possible concussion

- Loss of consciousness
- Appears dazed or stunned
- Appears confused
- Forgets plays
- Unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Shows behavior or personality changes
- Can’t recall events prior to or after the injury

### Symptoms reported by a player indicative of a possible concussion

- Headache
- Nausea
- Balance problems or dizziness
- Double or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish
- Feeling foggy or groggy
- Concentration or memory problems
- Confusion

This protocol is intended to provide the mechanics to follow during the course of contests/matches/events when an athlete sustains an apparent concussion. For the purposes of this policy, appropriate health care professionals are defined as: physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers.

1. During the pre-game conference of coaches and officials, the official shall remind the head coaches that a school-approved appropriate health care professional will need to clear for return to play any athlete removed from a contest for an apparent head injury.
2. The officials will have no role in determining concussion other than the obvious situation where a player is unconscious or apparently unconscious as is provided for under the previous rule. Officials will merely point out to a coach that a player is apparently injured and advise the coach that the player should be examined by the school-approved health care provider.
3. If it is confirmed by the school’s approved health care professional that the student did not sustain a concussion, the head coach may so advise the officials during an appropriate stoppage of play and the athlete may re-enter competition pursuant to the contest rules.
4. Otherwise, if an athlete can not be cleared to return to play by a school-approved health care professional as defined in this protocol, that athlete may not be returned to competition that day and is then subject to the IHSA’s Return to Play (RTP) Policy before the student-athlete can return to practice or competition.
5. Following the contest, a Special Report shall be filed by the contest official(s) with the IHSA Office through the Officials Center.
6. In cases where an assigned IHSA state finals event medical professional is present, his/her decision to not allow an athlete to return to competition may not be over-ruled.

Additional information regarding concussion has been made available to IHSA member schools and licensed officials and can be accessed on the IHSA Sports Medicine website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

## V. SEEDING MEETING INFORMATION

### Seeding Instructions

The following is intended to provide an explanation of the process that coaches will follow in seeding the first level tournament assignment for their school.

Coaches are expected to take part in the seeding process with the highest standard of integrity and to ensure fairness and equity for all participants. One coach or an official representative from each school who has completed the *IHSA Season Summary Sheet* online will be allowed to vote. *Schools who have not submitted the Season Summary Sheet will not vote or participate in the seeding process. The Season Summary Sheet can be found in the Activity Tracker section of the IHSA Schools Center under the 'Required Data Forms' column for volleyball.*

Coaches will not be allowed to vote for their own team. Coaches will determine their seeds based on these factors:

- Head to head victories against teams assigned to the first level tournament
- Record against common opponents
- The total win/loss record of schools in the tournament, and
- Team evaluation based on narrative provided by coaches
- These factors have not been prioritized. The IHSA reserves the right to review all submitted seeds and throw out ballots and adjust the seeds accordingly should the seeds be significantly out of the average range. In which case, the entire seeds of the out of range school will not be used.

Coaches will be allowed to indicate what range of seeds they think their team belongs: 1-4, 5-8, 9-12, 13-16, or 17-22 or in case of regional teams 1-2, 3-4, 5-6.

In the event that schools tie for a seed, the IHSA will use the following criteria to break the tie:

- Head to head competition between the tied schools
- Random draw (if more than 2 schools are tied for a seed)
- Coin flip (if 2 schools are tied for a seed and head to head competition can't break the tie)

Schools will be able to access all the seeds made by other schools assigned to their seeding meeting prior to the seeds being posted on-line through the IHSA website. Tournament assignments will then be posted by the end of the week during which seeding occurs.

Therefore the online seeding process is:

- Coaches complete the *Season Summary Sheet*
- Coaches review all the *Season Summary Sheets* from teams assigned to their sectional complex/or regional level
- Coaches seed teams
- Coaches review all seeds submitted
- IHSA reviews seeds
- Seeds posted online
- Final pairings posted online

## Boys' Volleyball Online Seeding

Coaches, part of this seeding process is conducted through the IHSA School Center. Please see your athletic director for your school's password. The other part is conducted through the boy's volleyball webpage which is open to the general public. ([www.ihsa.org](http://www.ihsa.org) click on boy's volleyball)

Coaches, here is the basic process for completing the online seeding:

1. Coaches go online (to their school center) and complete their season summary sheet.
2. Coaches go online (to their school center) and view everyone's season summary sheet
3. Coaches seed the teams in their tournament
4. IHSA posts all seeds on the boys' volleyball web page
5. Final pairings are posted on the boys' volleyball web page.  
(Coaches and fans should double check these pairings later on before their contest as times have a tendency to change while our managers work through graduation conflicts)

## Actual Deadlines for Online Seeding

### **Now – Wednesday, Morning, May 7 (STEP ONE)**

During this time the Season Summary Sheets are available to coaches through the IHSA School Center. They must be completed no later than 10:00 am on Wednesday, May 7.

### **11:00 am – Wednesday, May 7 to 12:01 pm — Thursday, May 8 (STEPS TWO AND THREE)**

Beginning at 11:00 am on Wednesday, May 7 coaches will have a day and a half to review the Season Summary and also seed teams. Therefore coaches should study the Season Summary Sheets of the teams assigned to their tournament and prepare their seeds. Once the coach is confident in the seeds, s/he can then go to the school center and place the seeds online. Coaches will have up to 12:01pm on Thursday, May 8 to review the season summary sheets and seed the teams.

### **12:02 – 4:00 pm — Thursday, May 8**

For the remaining part of Thursday, the IHSA will review all seeds

### **4:00 pm — May 8 (STEP FOUR)**

At the end of the day on Thursday, the IHSA will post all the seeds on the boys' volleyball website.

### **1:00 pm — May 9 (STEP FIVE)**

On Friday afternoon, IHSA will post the boys' volleyball pairings.

## VI. Schools are Required to Submit State Final Program Information Online

Dear Coach or Athletic Director:

As your team gets close to qualifying for the state final tournament, you will be required to complete the State Final Program Information form online. This form provides the IHSA with most of the information (everything except statistics) printed in the state final souvenir program. You are required to provide this information once you have qualified for the Sectional tournament.

The link to the State Final Program Information form is located in the IHSA Schools Center, a password-protected area of the IHSA Web site.

To log in the Schools Center, go to the main IHSA Web page ([www.ihsa.org](http://www.ihsa.org)) and click on the Schools Center link. Then use your ID and password to log in. On the main menu of the Schools Center, look for the "Sport & Activity Tracker" area. ### *Policies for the Press* *2013-14 IHSA Boys Volleyball State Finals*

These special instructions have been recommended by the IHSA News Media Advisory Committee and approved by the IHSA Board of Directors.

#### **Reporter/Photographer Season Passes**

No working press will be admitted at the pass entrance without proper credentials. The pass gate personnel have been instructed that should a person come to the pass gate without proper credentials, they should be directed to the box office. Holders of the Media Passes must have proper company identification and a valid driver's license and must be ready to present them when they enter the facility.

#### **Credentials**

Working personnel can gain admittance with the following: A General Media Seasons Pass – These have been issued to members of the media for all current IHSA state series events. They must be visibly displayed. An Individual Event Media Pass – These passes are issued for the boys' volleyball only. Matt Troha at the IHSA Office through Wednesday issues them to the media. Note that passes after the state final will issue Wednesday pass gate manager. The IHSA Media Guide will be used to confirm the validity of late requests. Proper press credentials and a driver's license must be shown if the request is to receive consideration.

#### **Tournament Administration**

State final programs are printed by the IHSA with team stats and information. Media will be provided at no charge, one program. Quantities of programs are limited.

#### **Press Room**

Persons with proper media passes may use the pressroom located across from the gymnasium. Tom Petersen are the press supervisors whom will help the press with fax and phone access. Following a match, copies of the statistics will be placed in the pressroom.

#### **Press Interview Procedures**

The press interview room is located at the south end of the gymnasium. Following a match teams will be escorted to the pressroom by their hosts. The winning team's head coach and players will be interviewed first and the other team will be escorted to a waiting area for a 10 minute cooling off period. The non-winning team's head coach and players will be interviewed after the winning team has been escorted back to their locker room. Coaches will be advised that following the formal press conference, the news media may want a one-on-one interview with one or more members of their team.

#### **Press at Courtside**

In order for competing teams to have a larger area to play on, working press have been moved to tables located in the bleachers behind the team benches. Please restrict your activities to the working press areas. This specifically prohibits going to team benches or the playing floor.

#### **Photographers at Courtside**

The upper concourse provides a space for photographers in addition to the bleachers behind the team bench. No photographers will be permitted access to the area in front of the team benches except to briefly shoot coach action and jubilation shots during time outs. They are required to remain seated during "live ball" situations. Electronic flash equipment is permitted on the floor while shooting the pregame warm-ups, post match as the teams leave the floor, during the awards ceremonies and in the press interview room.

#### **Awards Area**

During the award ceremonies, photographers may shoot from outside the awards ceremony staging court. The lights will be turned off. Photos after the consolation award ceremony can be taken in the warm up gym. Photos for the championship match can be taken on the main floor following the award ceremony.

### STUDENT MEDIA CREDENTIALS FOR PARTICIPATING SCHOOLS

Congratulations on qualifying for an IHSA state final in a team sport. In order to provide the best possible coverage of this event for your school newspaper, yearbook and AV club, etc. you are entitled to have up to three students receive credentials to cover this event as official media members. In the event that you have less than three students, an adult sponsor may be included on this list. To apply for student media credentials, please have your Athletic Director or an individual involved with the aforementioned programs email Matt Troha ([mtroha@ihsa.org](mailto:mtroha@ihsa.org)) at the IHSA with the following information:

- 1) The names of individuals attending
- 2) Whether they are students or adults
- 3) If the attending individuals will serve as reporters, photographers, videographers, etc.

Student media who are registering for credentials are expected to maintain a level of professionalism while covering this event. That includes no cheering while in the press box or game coverage area. Proper attire is also required. Wearing school shirts and colors is acceptable, but students wearing face paint, costumes, carrying props, etc. will be required to change before receiving credential clearance.

The individual applying for student media credentials will receive specific information on credential pick-up and media regulations at the event via email in the days leading up to the state final.

Please note that student media credentials are only available for state final events in team sports. Due to the sheer volume of schools who qualify in individual sports, our press facilities would be unable to accommodate student media from all participating schools in individual sports. Student media are also welcome to cover IHSA state final activities. Credentials are not required for these events, but please have your students check-in with state final personnel upon arrival for media coverage regulations.

### VIDEO TAPING STATE FINALS FOR COACH FILM BREAKDOWN

Each school will be eligible to receive a pass for an individual attending the state final event to shoot game film that is for the sole purpose of being used by the coaching staff for postgame breakdown. Passes for videographers shooting highlight videos, documentaries, etc. should be included in student media application reference above. Additional passes for videotaping purposes will need to come from the allotment of state final passes given to school/head coach at or prior to the state final event.

To apply for a credential to shoot video, please have your Athletic Director email Matt Troha ([mtroha@ihsa.org](mailto:mtroha@ihsa.org)) at the IHSA with the name of the individual who will be taping and whether they are an adult or a student.

*Please contact Matt Troha (309-663-6377) at the IHSA for any questions related to this document.*

IHSA Tournament Managers/Hosts,

The advent of greater broadcasting technology over the past few years has brought about many new potential broadcasters and many new broadcasting platforms and mediums, especially as it pertains to broadcasting video over on the internet. It is important to remember that most internet video streams of IHSA State Series (Regionals, Sectionals, Super-Sectionals, Football Playoffs) events will require that a broadcast rights fee be paid by the broadcasting individual/company. A new internet video broadcasting fee schedule has been developed and is located below, but first please read these reminders on how to determine if a fee is necessary should you be approached about a video webcast of the State Series event you are hosting. If at any time you ever have questions on the fees or any other matters related to broadcasting or media, please call Matt Troha at the IHSA office (309-663-6377).

## **BROADCAST RIGHTS FEE PAYMENT REQUIRED**

There is an IHSA broadcast rights fee required with the broadcast if any one of the options below is applicable...

- 1) The internet video webcast is originated and accessible to viewers on any third-party website (i.e. media website, IHIGH, UStream, High School Cube, fan site, etc.).
- 2) If the crew producing the internet video webcast is not affiliated with the high school or not composed entirely of high school students and/or high school personnel.

## **BROADCAST RIGHTS FEE PAYMENT NOT REQUIRED**

There is no IHSA broadcast rights fee required if both guidelines below are met...

- 1) The internet video webcast is produced and the crew populated entirely by high school students and high school personnel as a part of a high school tv station, AV Club, etc.  
*and*
- 2) The internet video webcast is originated on and accessed by viewers on the high school website, the website of the city or on the school's IHSA.tv website ([www.IHSA.tv/schoolname](http://www.IHSA.tv/schoolname)).

## ***Internet Video Broadcast Rights Fee Schedule***

Prior to the 2011-12 school year, internet video webcasts fell under the same broadcast rights fee schedule as television. Because of the growing number of internet broadcasting entities, the IHSA Media Advisory Committee felt like it was in the best interest of the medium to develop more affordable broadcast rights fees for video internet broadcasts. The rights fee schedule below was adopted beginning in the fall of 2011 for streaming video:
