Schools will use the IHSA girls' volleyball website ([www.ihsa.org](http://www.ihsa.org) click on girls' volleyball) to access general information and the IHSA Schools Center (password protected) to manage the state series.

***Managers Manual:*** Included on the website is a manual for managers who are hosting a regional, sectional, or super-sectional.

***Forms:*** All school and manager forms are included in the manual.

***Entry/Withdrawal:*** If your school is listed on the assignment sheet, your school is entered into the state series. If your school is not listed, then you are not entered into the state series tournament. After September 9th, to either enter late or withdraw from the tournament, your school's official representative must call the IHSA to enter or send an email to Tammy Craig ([tcraig@ihsa.org](mailto:tcraig@ihsa.org)) to withdraw. There are penalties associated with late entries and withdrawals.

***Seeding Process:*** Refer to this manual for online seeding instructions. All IHSA seeding is now done online. Managers will not conduct a seed meeting.

***Regional, Sectional, and Super-Sectional Pass Gate:*** Refer to the *Volleyball Pass Gate Form* included in this manual to know who will be admitted free into a regional, sectional and/or super-sectional contest. Coaches must complete the form and return it to the tournament manager prior to the start of the event. Do not alter or adjust the form to substitute people not authorized to attend. There is no pass gate for the state final, instead, 22 passes will be provided to competing schools.

***Regional Winners:*** It is imperative for each regional champion to provide the IHSA Office with photographs and state final program information in preparation for the state finals.

## ***Information Needed to Participate in the IHSA Girls Volleyball State Tournament***

***State Finals:*** Because the 4 teams from each class advancing to the state finals will play their first match as a semi-final match, all schools will be guaranteed to play on both Friday and Saturday.

***Housing:*** Teams qualifying for the state final will be assigned housing and provided a code to release the rooms to them. Each school has been provided 12 rooms. The codes will be given to the advancing teams immediately after the super-sectionals.

***State Final Pre-sale Tickets:*** Schools advancing to the state finals will receive from the super-sectional manager, pre-sale ticket that can be sold at the school.

***State Final Time Schedule:*** Please note **ALL** State Final Game times are estimates. Games will be played continuously.

***State Final Qualifier Information:*** A link will be posted on the girls' volleyball website to provide final state final information to the teams.

### ***Promotions/Recognitions***

***Volley for a Cure:*** A school may host **one** "Volley for the Cure" contest during the regular season. Officials may wear a pink shirt and teams may wear pink as well. Promotional information will be on the girls' volleyball website.

***Officials' Assignment:*** *Assignment of game officials shall be made by the IHSA based on the IHSA officials' rating system. The final assignments will be electronically sent to the host school managers through their Schools Center. They will be posted no later than Friday, October 20, 2017. Line judges are assigned by each local manager at the Regional level and are required. The IHSA will assign line judges for the Sectional and Super-Sectional contests. Refer to the Terms & Conditions for information.*

# MANAGERS' SAFETY INFORMATION

## Healthy Volleyball Environment

School administrators, coaches and officials share a very important responsibility to the student-athletes that are participating in the state series matches, to provide equipment, facilities and an environment that is as free of risk as possible. The concern for the health of our high school volleyball players in our programs should be primary.

## Responsibility

Crowd supervision is critical. Administrators and other supervisors should observe the crowd and react quickly and reasonably when conduct becomes negative and drops below the level of expected behavior. To ignore inappropriate behavior by any spectator will only enable a person or people to continue in the same fashion.

The role of an official in this regard is with the game. The role of the host school management is outside the lines. Any act dangerous to others, is an unsafe behavior, incites participants or spectators to violent or abusive action, exhibits obscene gestures, or yells profanity and/or provocative type language toward an official, student-athlete, coach, spectator, bench and/or score table personnel is considered unsportsmanlike. Such undesirable behavior requires immediate attention by the officials and/or the host school.

## Procedure

If a situation occurs outside the lines, therefore outside the jurisdiction of the rulebook, the official shall instruct the host manager to take care of the problem. If possible this should be done without stopping the match. (i.e. between a game or during a time out) If not possible, the official should stop play until the host management takes care of the situation. If the Manager, Athletic Director and/or local school Principal is not in the gym, it becomes the responsibility of the host school coach to handle if her/his team is playing.

The posting of the expected behavior at the gymnasium entrance clarifies to everyone the IHSA's expectation of all participants.

## Preventative

*Host School:* Whenever possible, the competing teams should be seated so that the crowd is not behind them. If that is not possible and fans must be seated behind a bench, that area should be carefully monitored. In situations of this kind, the IHSA suggests the first couple rows can be reserved for senior citizen, handicapped seating, press or other teams.

*Officials:* Officials should use the pre-game conference to do preventative officiating and make sure the line judges and scorers are trained. In addition, the official should consider any negative history between schools or teams, coaches, or fans. If there is, then the officials should discuss with her/his partner and choose a plan of action. Whenever possible, cover the expectation and consequences at the pre-game conference with captains and coaches.

# SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE SEASON

1. Send a reminder card or email to the officials after you have them scheduled.
2. Reminder should include date of contest, time, level, location and sport.

Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director. **Avoid embarrassment.**

3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

## SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
  - A) Provide a reserved parking space.
  - B) Meet officials and take them to the dressing room.
  - C) Have refreshments available for halftime and postgame.
  - D) Ask for any additional needs.
  - E) Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
  - F) Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

# SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

1. Insist coaches display good sportsmanship and are proper examples for your players and crowd.
2. Have your public address announcer or cheerleader read the IHSA sportsmanship statement and remain unbiased during contest.
3. Make sure the event supervisor understands the duties and responsibilities pertinent to that contest.
4. Make sure the playing area is maintained during halftime of each contest. For wrestling, make sure the mat is properly cleaned and washed.
5. Help with adverse weather conditions; monitor accordingly.
6. Make sure proper crowd control is visible and in place. Good administrative control can prevent difficult situations.
7. Observe the crowd during the contest and prevent any disturbances that may occur.
8. Work with the official during the game regarding crowd control.
9. Retrieve the game ball at the end of the contest.
10. Escort the officials back to the dressing room at halftime and at the conclusion of the contest.

## SCHOOL'S RESPONSIBILITY TO AN OFFICIAL AFTER THE CONTEST

1. Escort the officials safely back to the dressing room and parking lot.
2. Do not allow unauthorized persons in the dressing room after the game. This includes coaches.
3. Have refreshments available for the officials after the contest.
4. Be sure to thank the officials for their time and effort, regardless of the outcome of the game.
5. Make sure arrangements for paying the officials have been completed. It is preferable to pay the official the day of contest.
6. Ensure that officials are not confronted by anyone after the contest.

# Managing Heat and Heat Illness

These guidelines represent minimum standards that IHSA member schools should follow for athletic competitions. Schools with more restrictive guidelines are not expected to modify any pre-existing guidelines in order to meet this policy. These guidelines will be used by managers or their designees at all IHSA state series events when the Wet Bulb Globe Temperature (WBGT) is above 80 degrees Fahrenheit. State series tournament managers will make the decisions to suspend and resume activity in accordance with these guidelines using those devices or systems usually used at the state series venue/site.

1. Thirty minutes prior to the start of an activity, and again 60 minutes after the start of the activity, temperature and humidity readings will be taken at the site of the activity. Using a Wet Bulb Globe Thermometer is recommended, although a conversion to WBGT can be made from air temperature and relative humidity using chart 2. Record the readings in writing and maintain the information in files of the tournament manager and/or host school administration. Tournament managers may designate someone other than themselves to take these readings.

Use the Table 1 (see below) with an on-site WBGT reading for appropriate exercise modifications during exercising in the heat:

**Table 1**

**a.  $\leq 79.9$  degrees F**

- i. All sports
  1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
  3. Ice-down towels for cooling.
  4. Watch/monitor athletes carefully for necessary action.

**b. 80.0-84.5 degrees F**

- i. All sports
  1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  2. Optional water breaks every 30 minutes for 10 minutes in duration. Coordinate breaks with assigned contest officials.
  3. Provide cooling stations using methods such as ice towels.
  4. Watch/monitor athletes carefully for necessary action
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
  1. Helmets and other possible equipment removed while not involved in contact.
- iii. Reduce time of outside activity. Consider postponing activity to later in the day.
- iv. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions or sooner if personnel on the field suspects potential heat stress.

**c. 84.6-87.5 degrees F**

- i. All sports
  1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
  3. Coordinate breaks with assigned contest officials.
  4. Have cooling stations for before, during, and after exercise/training/competition.
  5. Watch/monitor athletes carefully for necessary action
  6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
  7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
  8. If practicing, maximum of 2 hours of training/practice while temperature is in this range.

- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
  - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

**d. 87.6-89.9 degrees F**

- i. All sports
  - 1. Provide ample amounts of water. This means that water should always be available and athletes should be able to take in as much water as they desire.
  - 2. Schedule at least 4 separate 4:00 breaks within each hour, or a 10:00 break every 30:00 of training or competition.
  - 3. Coordinate breaks with assigned contest officials.
  - 4. Have cooling stations for before, during, and after exercise/training/competition.
  - 5. Watch/monitor athletes carefully for necessary action
  - 6. Reduce time of outside activity as well as indoor activity if air conditioning is unavailable.
  - 7. Consider postponing activity to later in the day or another day (with approval from IHSA Administration)
  - 8. If practicing, maximum of 1 hour of training/practice while temperature is in this range.
- ii. Contact sports and activities with additional protective equipment (in addition to the above measures)
  - 1. Helmets and other possible equipment removed if not involved in activity or necessary for safety. If necessary for safety, suspend activity.
- iii. Recheck air temperature and humidity every 30 minutes to monitor for increased heat conditions.

**e. 90 degrees F**

- i. All sports
  - 1. No training/competition
  - 2. Cancel and/or postpone activity to cooler time of the day

NOTE: While most attention will be given to outdoor sports in the fall and spring, indoor venues/facilities (gymnasiums, wrestling rooms, and swimming/diving facilities) that are not air conditioned should not be neglected for the purposes of this policy. Additionally, sometimes conditions will vary for different aspects of the same competition. For example, one part of a cross-country course may be hotter or more humid than other parts. The best course of action for managers is to take a WBGT reading at the place of the most severe conditions.

# Cooling Methods Due to Heat Related Illness

Exertional heat stroke (EHS) is relatively uncommon among exercise associated medical conditions, but is a frequent cause of exercise related death. The majority of evidence shows that early institution of body cooling is the most effective method of decreasing mortality in EHS. The following contains recommendations regarding the methods of body cooling, including tubs, ice bags, iced towels (towels with water that have been frozen) water, fans, and shade. The recommendations are classified as essential (foundational to the implementation of treatment, should have resources and personnel directed towards implementation), and desirable (important in maximal implementation, should have resources and personnel directed towards implementation as budget and resources allow). The recommendations are only guidelines, are not intended as a standard of care, and should not be considered as such. These guidelines should only be considered in the care of athletes who can be expected to be at risk of EHS due to the sport or the environmental situation of the activity. Sports especially at risk include football with and without equipment, soccer, and long distance track. Other sports and activities, such as cycling, golf, baseball, tennis, track and field, and band, may also be at risk due to long duration exposure to extreme environmental conditions.

It is essential that member schools and school administrators/officials:

- Establish a written plan coordinated with local EMS for emergency treatment of EHS that includes transport to a hospital and conduct drills in the implementation of the plan as practicable.
- Know how to assess environmental conditions and determine when extreme conditions exist.
- Identify a specific spot at the athletic facility that has shade.
- Have immediate access to ice and bags to contain ice.
- Have access to water, and provide water breaks as outlined in the IHSA Managing Heat and Humidity Policy.
- Know the most effective sites for application of ice to the body.
- Obtain and use, when environmental conditions are determined to be extreme, a tub or pool, filled with water and ice before activity begins, to be used in body immersion for maximal cooling, and have personnel trained in this technique.

It is desirable that member schools and school administrators/officials:

- Have a certified athletic trainer (ATC) on staff, as budget and resources allow, to develop and implement these guidelines.
- Have immediate access to water.
- Provide shade breaks.
- Provide fans when environmental conditions are determined to be extreme.
- Have close access to an air conditioned room.
- Have access to and use iced towels that can be rotated to appropriate areas of the body, including the axilla, groin, and back of the neck.

## **Unmanned Aerial Vehicle (Drone) Policy**

**For IHSA Tournaments**

**Effective February 18, 2015**

The use of unmanned aerial vehicles (“UAV”), also known as drones, is prohibited for any purpose by any persons at IHSA tournament venues. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for IHSA broadcast partners, provided the management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the IHSA.

## **Awards Delivery Information**

To Managers of All IHSA Tournaments:

In an effort to better serve our tournament sites and the suppliers of our awards, we would like to have you read this bulletin carefully and then do what you can to expedite the instructions:

1. Be advised that at **Regional and Sectional Tournaments**, medals and plaques may be shipped separately and may not arrive at your tournament site on the same day. Please open boxes immediately to check contents, as medals **CAN** be in plaque boxes. **NOTE:** There are no medals given at Regional and/or Sectional Levels in the team sports of baseball, basketball, competitive cheerleading, football, soccer, softball and volleyball, and in the activities of Drama/Group Interpretation and scholastic bowl.

Our awards supplier, A and M Products of Princeton, IL, often ships Regional and/or Sectional medals in the box with the plaque. **PLEASE CHECK THE PLAQUE BOXES CAREFULLY AND DO NOT DISCARD THEM UNTIL YOU HAVE DETERMINED THE MEDALS ARE NOT THERE!!**

**At State Final Tournaments**, medallions and trophies may be shipped separately and may not arrive at your tournament site on the same day. Please open boxes immediately to check contents, as medallions can be in trophy boxes.

2. Awards will be shipped to the school sites directly from A & M Products via United Parcel Service.
3. Please inform whoever receives your United Parcel deliveries to expect awards to arrive up to two weeks prior to the tournament, and ask them to deliver the packages directly to you when they arrive.
4. It is very likely that some awards (particularly trophies) will arrive in two or more boxes. **They may not arrive on the same day, but should be opened as they arrive.**
5. Please check all trophies, plaques, etc., to see that they are in good condition and not damaged in any way. You should note that they are engraved with the proper sport, tournament level, year, etc.

If, after doing all of this, a problem develops, please contact Cheryl Lowery at the IHSA office at (309) 663-6377.

Thank you very much for your cooperation.

Kraig Garber  
Asst. Executive Director
