I. SCHOOL CLASSIFICATION

Competition in the IHSA Boys Wrestling Tournament Series will be determined on an enrollment basis.

2) For two-year high schools, the total student enrollment figure reported shall be doubled.

3) For three-year high schools, one-third of the total student enrollment figure shall be added to the total student enrollment figure reported.

4) For schools which enroll boys only or girls only, the total student enrollment figure reported shall be doubled.

C. A multiplier of 1.65 will be added to all non-boundaried schools.

D. Schools participating in sports and activities operating under the three-class system shall be classified as follows:

V. TOURNAMENT ASSIGNMENTS AND SEEDING MEETINGS

A. Individual Regional Tournament Entries:

1) Each school shall submit to the Regional Manager at the seeding meeting the following information for all wrestlers who may participate in the Regional:

a) the completed Regional List of Participants, **which is the Body Fat Roster for your school.**

b) the Individual Wrestler's Season Record Verification Form listing the wrestler's actual weights and records from all their season matches. **(Entry in the tournament begins at the seeding meeting.)**

Note: In lieu of the official verification forms available online, coaches may submit computerized records listing the necessary information.

***Only wrestlers that are on the Body Fat Roster, that was turned in, will be allowed to enter the Regional Tournament or be able to be an alternate in the Regional Tournament.** Wrestlers who fail to make weight may be moved to a higher weight class. Wrestlers entered at the seeding meeting who subsequently become ill or injured may be replaced.

***2) Criteria for determining seeded wrestlers will be without exception:**

a) Head to Head. *(If both wrestlers have beaten each other the same number of times, then go to the next criteria.)

b) Record versus common opponent.

c) Vote of the coaches. If tied for a seed, re-vote on tied wrestlers only. If tie remains, flip the coin.

B. Seeding and Schedules in the Individual State Tournament series will be done according to the following plan:

1) In the Regional Tournaments, only four (4) wrestlers in each weight class will be seeded in a meeting of coaches called for this purpose. Whenever possible, the top four (4) seeded wrestlers will not wrestle until the quarter-finals. Coaches should provide the team roster with individual records to the regional host on Wednesday prior to the regional seed meeting. Any wrestler nominated for a top 4 seed at the regional seed meeting must remain as a wrestler eligible for seeding until all four wrestlers are seeded in that weight class. This seeding session shall be held on **Thursday** prior to the first session of the Regional Tournament. Only extenuating circumstances should require a seeding meeting to be conducted during the weigh-in. A scratch session shall be held immediately following the conclusion of the weigh-in and the start of the tournament, and brackets shall be reseeded if a seeded wrestler withdraws. (See tournament manual for requirements regarding scratches.)

Under no circumstances shall the seeding and pairing of wrestlers delay the start of the first wrestling session.

Note: In all Individual Regional tournaments, an eight-person bracket will try to be used. When the number of competitors is not a power of two (2, 4, 8, etc.) for any specific weight class, there shall be byes in the initial round of competition. The number of byes shall be equal to the differences between the number of competitors and the next higher power of two. There shall be no byes, after the first round of competition in either the championship or consolation brackets.

2) Individual Sectional Pairings: Wrestlers have been paired by a chance drawing. Champions and runners-up of the same Regional have been drawn to opposite half brackets, and third-place winners have been drawn to the opposite quarter brackets to the runners-up of the same Regional. In the first round of competition, Regional champions shall receive byes and Regional Runners-up will be matched with third-place winners.

3) Individual State Final Pairings: A separating/seeding criterion will be used on all sectional champs to separate them in each weight class according to a listing of specific

performance criterion that relates to the overall performance for that year and the previous year's state tournament only. The Sectional Manager will calculate the seeding points of each sectional champ and enter the points online in the winners reports. The criteria would be as follows:

Establish a point system for each of the sectional winners. The wrestler that has the highest number of points would be seeded number one; the wrestler with the second highest points would be seeded number two etc. The wrestlers that placed second and third in each sectional would be assigned to a designated spot in the opposite bracket of the winner from that sectional. For 3A, the 4th place finisher would be assigned to a designated spot on the same side of the bracket as the sectional champ, but not in the first round.

Returning state champions at any weight class.....	30 points
Returning 2nd or 3rd place winner at any weight class.....	25 points
Returning 4th, 5th or 6th place winner at any weight class.....	20 points
Returning state qualifier at any weight class.....	10 points
Undefeated wrestler (minimum of 20 matches).....	20 points
37 or more wins.....	15 points
32 to 36 wins.....	10 points
27 to 31 wins.....	7 points
22 to 26 wins.....	5 points

If tied for a place, flip of a coin would determine the seed of the wrestlers for placement of that seed on the bracket, except for the number one (1) seed and if the returning champ at that weight class is tied for the number one (1) seed, the returning champ will be seeded number one (1).

4) Dual Team Sectional tournament pairings for each class shall be drawn by the IHSA and posted online in December. State Final pairings will be drawn yearly at the Winter Sports drawing.

C. Dual Team Roster:

1) A team roster listing a maximum of twenty-one (21) wrestlers who constitute the tournament squad shall be submitted to the Dual Team Sectional and Dual Team State Final tournament managers prior to the weigh-in for each tournament. Only these twenty-one (21) wrestlers may weigh-in. Schools may substitute persons on their team rosters for any reason and at any time between contests, provided all substitutes meet IHSA eligibility requirements.

VII. ADVANCEMENT OF WINNERS

A. Individual Advancements:

1) Regional to Sectional: First, second and third place winners from each weight class will advance from Regional to Sectional competition where twelve (12) wrestlers in each weight class will compete for State qualifying berths.

2) Class 1A, 2A, and 3A Sectional to State Final; First, second, third and fourth place winners from each weight class will advance from Sectional to State Final competition. Sixteen (16) wrestlers in each weight class will compete for championship honors.

3) Alternates: If any of the three (3) winners from the Regional Tournaments should be unable to participate in the Sectional Tournaments, or any of the three (3) or four (4) winners from the Sectional Tournaments should be unable to participate in the State Final Tournament, alternates shall be selected. The preceding tournament manager (Regional manager for Sectional and Sectional manager for State Final) shall select the alternate using guidelines as follows:

Regional: The first alternate shall be the wrestler defeated in the third-place match. The second alternate shall be the wrestler who won the most matches in the championship bracket but failed to qualify as a place winner or as the first alternate. Should more than one (1) wrestler meet second alternate criterion then the one who was defeated by the highest seeded place winner shall qualify as the second alternate and advance to the Sectional. The other wrestler shall become the third alternate.

Sectional: The first alternate shall be the wrestler who lost to the third place winner in the consolation semi-final. The second alternate shall be the wrestler who lost to the other semifinalist of the consolation bracket, unless the two wrestlers have met previously in the tournament then the winner of that match is the 1st alternate.

Note: In all Tournaments the alternate shall always be considered as being the lowest placing wrestler to qualify. Ie. If an alternate is required for a champion, the second place wrestler shall be considered as the champion for the purposes of pairing, third would go to second and the alternate would be placed in as the third place qualifier . etc.

4) Deadline for Withdrawing: If a wrestler qualifies for advancement and is unable to compete for any reason (including failure to make weight), he has until the weigh-in time deadline before withdrawing.

Note 1: Alternates substituting for any Sectional or State Final qualifiers may be entered up to the weigh-in time deadline. It shall be the responsibility of the principal or coach to notify the previous tournament manager at the earliest possible time that an alternate may be necessary. That tournament manager is responsible for informing the alternate's coach that he will replace the regular qualifier.

Note 2: Should a qualifying champion or runner-up to the Individual Sectional or State Final tournament withdraw or be disqualified before or at the weigh-in deadline preceding the first session of such tournament for reasons including failure to make weight, and no alternate is available, the remaining qualifiers from the same Regional or Sectional in that weight class shall be moved up in the bracket, i.e., third to second, second to first, so that the resulting forfeit shall only occur in the initial round of competition.

Note 3: If the qualifying tournament alternates are not available or can't make weight for the sectional or state tournament, then the other alternates in attendance at that weight class would get the opportunity to take that spot by virtue of blind draw.

B. Team Advancement:

1) The team scoring the most points at the Individual Regional will advance to the Team Sectional. Pairings for the Sectionals shall be drawn by the IHSA and posted online in December.

a. Four (4) Class 1A, 2A and 3A teams will compete in each of four Sectionals, where the winners of the semi-final matches will advance to the State Finals.

2) To be eligible as a team a school must compete in at least ten (10) weight classes in the Individual Regional tournament. If a qualifying team did not compete in the required ten weight classes, the next highest finishing team with ten competing wrestlers shall advance.

3) Each Class 1A, 2A and 3A Sectional semi-final winners shall advance to the State Final Dual Team tournament. Teams shall compete in each of the three classifications. State Final pairings shall be determined by a blind draw conducted at the Winter Sports drawing.

4) In each dual meet, home team designation shall be alternated by weight class. The team whose wrestler has choice of starting positions at the beginning of the second period in each match shall be considered "home" team and shall be governed by Rule 6-2-2. The "home" team wrestler shall report to the official's table and identify himself by name and weight class. Thereafter he cannot be withdrawn or replaced without forfeiture of the weight class.

VIII. TOURNAMENT RULES

The five (5) remaining individuals must be connected with the team and may include coaches, trainers, managers, etc.

All wrestlers defeated by the winners of the quarter-final matches are eligible to compete in wrestle backs that will determine third, fourth, fifth and sixth places, as in Rule 10-3-3, there shall be cross bracketing.

K. Disqualification and Forfeits:

The following interpretation of Rule 8-4, 6 and 10-2-1 through 7 shall apply for 2016-17 tournaments:

This authority will definitely be exercised by the Board of Directors.

N. Video Taping: Video taping will be allowed provided the local manager has a comparable area for competing schools to videotape. When one school requests the video space, then the local manager shall provide similar space to competing schools. Non-competing schools and spectators will be allowed to videotape matches in the stands, provided they do not obstruct the view of participants and spectators. Any taping for the purpose of reviewing during the tournament is prohibited by National Federation Rule 10-1-2.

2. Reminder should include date of contest, time, level, location and sport.

Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director. **Avoid embarrassment.**

3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
 - A) Provide a reserved parking space.
 - B) Meet officials and take them to the dressing room.
 - C) Have refreshments available for halftime and postgame.
 - D) Ask for any additional needs.
 - E) Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
 - F) Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

1. Insist coaches display good sportsmanship and are proper examples for your players and crowd.
2. Have your public address announcer or cheerleader read the IHSA sportsmanship statement and remain unbiased during contest.
3. Make sure the event supervisor understands the duties and responsibilities pertinent to that contest.
4. Make sure the playing area is maintained during halftime of each contest. For wrestling, make sure the mat is properly cleaned and washed.
5. Help with adverse weather conditions; monitor accordingly.
6. Make sure proper crowd control is visible and in place. Good administrative control can prevent difficult situations.
7. Observe the crowd during the contest and prevent any disturbances that may occur.
8. Work with the official during the game regarding crowd control.

3. Have refreshments available for the officials after the contest.
4. Be sure to thank the officials for their time and effort, regardless of the outcome of the game.
5. Make sure arrangements for paying the officials have been completed. It is preferable to pay the official the day of contest.
6. Ensure that officials are not confronted by anyone after the contest.

Emergency Action Plan (EAP)

In accordance with By-law 2.150, a school shall have on file for each student that participates (including practice) in interscholastic athletics a certificate of physical fitness issued by a licensed physician, physician's assistant or nurse practitioner as set forth in the Illinois State Statutes not more than 395 days preceding any date of participation in any such practice, contest or activity. As this By-law addresses pre-participation certification only, there is not a guideline or By-law in place to address release to interscholastic activity following an injury, with the exception of head injury/concussion. With the understanding that schools throughout the state have different needs and services available to them, this document was produced to provide guidelines on an athlete's return to activity following an injury.

Each school should have a written Emergency Action Plan (EAP) in place to address medical emergencies among athletes, staff, officials, and spectators, regardless of severity, occurring during a practice or competition. The plan should also address severe weather, fire, electrical failure, bomb threat, criminal behavior, or other possible emergencies. This plan should be developed to address the unique needs of the individual sport and venue.

EAP's should consist of the following components:

- Personnel
- Communication
- Equipment
- Emergency Medical Care
- Player Medical Information
- Game-day Responsibilities (includes appropriate sideline preparedness)
- Catastrophic Incident Plan

While each school's sports medicine/medical service needs and availability are different, guidelines should also be developed to assist the coaching staff on what injuries should be allowed to return to competition without a medical release. It is not practical to identify every situation or injury; however the following guidelines should assist the school/coaching staff on determining if the athlete should be allowed to return to activity without a release.

1. No swelling or deformity.
2. No headache, nausea, blurred vision, tingling, numbness or sensory changes.
3. Symmetrical (equal to the other side) joint range on motion and strength.
4. Ability to bear weight, without a limp, if injury occurs to the lower body.
5. Ability to complete full functional sporting activities without compensation.

Please remember that the majority of high school athletes are a minor. If there is a question as to their injury and ability to participate, the parents/guardian should be consulted.

Athletes that are unable to meet the above criteria should be encouraged to seek medical treatment prior to return to interscholastic activity. Those athletes that seek medical treatment should be required to provide a written medical release indicating their ability to participate. Without obtaining this release, the school may assume legal liability if the athlete is allowed to participate in activities not permitted by their medical provider.

A proper plan establishes accountability, should be comprehensive, yet flexible, practical, and easily understood. The written EAP must be revised, approved, distributed, and should be rehearsed regularly prior to every athletic season. The athletic department, administration, and sports medicine team share the responsibility to establish, practice, and execute the EAP.

A sample venue-specific is included as a part of this document, which was developed from portions of the third and fourth editions of National Federation of State High School Associations Sports Medicine Handbook. IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions

“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”

The above language, which first appeared in all National Federation sports rule books for the 2010-11 school term, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion, but not a revision in primary responsibilities in these areas. Previous rules required officials to remove any athlete from play who was “unconscious or apparently unconscious.” This revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. However, the revised language does not create a duty that officials are expected to perform a medical diagnosis. The change in rule simply calls for officials to be cognizant of athletes who display signs, symptoms, or behaviors of a concussion from the lists below and remove them from play.

NOTE: The persons who should be alert for such signs, symptoms, or behaviors consistent with a concussion in an athlete include appropriate health-care professionals, coaches, officials, parents, teammates, and, if conscious, the athlete him/herself.

Definition of a Concussion

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

Behavior or signs observed indicative of a possible concussion

- Loss of consciousness
- Appears dazed or stunned
- Appears confused
- Forgets plays
- Unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Shows behavior or personality changes
- Can’t recall events prior to or after the injury

Symptoms reported by a player indicative of a possible concussion

- Headache
- Nausea
- Balance problems or dizziness
- Double or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish
- Feeling foggy or groggy
- Concentration or memory problems
- Confusion

This protocol is intended to provide the mechanics to follow during the course of contests/matches/events when an athlete sustains an apparent concussion. For the purposes of this policy, appropriate health care professionals are defined as: physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers.

1. During the pre-game conference of coaches and officials, the official shall remind the head coaches that a school-approved appropriate health care professional will need to clear for return to play any athlete removed from a contest for an apparent head injury.
2. The officials will have no role in determining concussion other than the obvious situation where a player is unconscious or apparently unconscious as is provided for under the previous rule. Officials will merely point out to a coach that a player is apparently injured and advise the coach that the player should be examined by the school-approved health care provider.
3. If it is confirmed by the school’s approved health care professional that the student did not sustain a concussion, the head coach may so advise the officials during an appropriate stoppage of play and the athlete may re-enter competition pursuant to the contest rules.
4. Otherwise, if an athlete can not be cleared to return to play by a school-approved health care professional as defined in this protocol, that athlete may not be returned to competition that day and is then subject to the IHSA’s Return to Play (RTP) Policy before the student-athlete can return to practice or competition.
5. Following the contest, a Special Report shall be filed by the contest official(s) with the IHSA Office through the Officials Center.
6. In cases where an assigned IHSA state finals event medical professional is present, his/her decision to not allow an athlete to return to competition may not be over-ruled.

Additional information regarding concussion has been made available to IHSA member schools and licensed officials and can be accessed on the IHSA Sports Medicine website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

Concussion Information

Return to Play (RTP) Policy

Background: With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

Policy: In cases when an athlete is not cleared to return to play the same day as he/she is removed from a contest following a possible head injury (i.e., concussion), the athlete shall not return to play or practice until the athlete is evaluated by and receives written clearance from a licensed health care provider to return to play.

For the purposes of this policy, licensed health care providers consist of physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers working in conjunction with physicians licensed to practice medicine in all its branches in Illinois.

Mandatory Concussion Education

Required concussion education for all athletic coaches and marching band directors is a component of the Youth Sports Concussion Safety Act passed by the Illinois General Assembly in the fall of 2015.

The IHSA program includes two video presentations and other supplementary materials that ALL high school athletic coaches, marching band directors, and Concussion Oversight Team members need to review prior to taking a required exam over the curriculum. Individuals will be required to demonstrate proficiency on the exam by scoring at least 80% in order to serve as an athletic coach or marching band director at an IHSA member school.

The program offers training in the subject matter of concussions, including evaluation, prevention, symptoms, risks, and long-term effects. Coaches will be able to access the program after logging into the IHSA Schools Center and clicking on the “CON” tab, which will be located under the ‘Departments’ heading on the Schools Center homepage.

For more information on the Youth Sports Concussion Safety Act, including specific requirements of the law and other concussion education providers besides IHSA, individuals can access Sports Medicine resources on the IHSA website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

Unmanned Aerial Vehicle (Drone) Policy

For IHSA Tournaments

Effective February 18, 2015

The use of unmanned aerial vehicles (“UAV”), also known as drones, is prohibited for any purpose by any persons at IHSA tournament venues. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for IHSA broadcast partners, provided the management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the IHSA.

IHSA Wrestling Weight Control Program Summary

(Refer to the IHSA Wrestling Weight Control Manual
for complete details on this program.)

Introduction

During the 2016-17 school year, the IHSA will continue its Weight Control Program that includes body fat testing. The program is designed to determine the minimum weight class a wrestler may participate in throughout the season. The establishment of a minimum weight class is based on a body fat measurement of 7% for male wrestlers and 12% for female wrestlers.

The IHSA is concerned for the safety of the young people who participate in our wrestling program. The establishment of minimum weight classes along with a maximum weight loss per week allows high school wrestlers to participate in the healthiest manner possible.

THE REGULATION

The establishment of a minimum wrestling weight based on 7% body fat for males and 12% for females is required for all high school wrestlers. The purpose of the weight control program is to identify the minimum weight at which an athlete can wrestle; it is not meant to serve as an endorsement from the IHSA that this minimum weight is the best weight for any individual wrestler.

I. ESTABLISHING MINIMUM WEIGHTS

A. There are two methods of determining a wrestler's body fat percentage. One method is using the TANITA TBF-300-A or 300-WA Body Composition Analyzer/Scale, but schools are required to receive approval from the IHSA Wrestling Administrator to use this scale. Only IHSA Certified Body Fat Testers will be able to read and enter the results on-line.

The other method of determining a wrestler's body fat percentage is using skinfold measurements. Only measurements taken by IHSA Certified Skinfold Measurers will be accepted. Schools may obtain a list of approved measurers on the IHSA website. This list will be posted each November. It is the responsibility of the school to contact a certified skinfold measurer from this list to conduct the skinfold test on their wrestlers. Schools may elect to have a person certified as a body fat tester in accordance with the procedure explained later in this program. Information about the body fat certification session will be included in the annual All School Mailing each August. The training will begin the end of September each year.

B. The lowest weight class a wrestler may compete at will be determined as follows:

1. If the predicted weight, at 7% male or 12% female, is exactly that of one of the weight classes, that weight class shall be the wrestler's minimum weight class. (Example: If 7% body fat is 132, then that wrestler may wrestle 132 or above.)

2. If the weight class falls between two weight classes, he/she must wrestle at the higher weight class. (Example: If the 7% body fat is 129, then that wrestler may wrestle at 132 or above.)

3. Any male or female wrestler, whose body fat percentage at the time of measurement falls below 7% male or 12% female, must wrestle at the weight class. No weight loss for wrestlers in this category will be allowed. (Example: When the wrestler is body fat tested and he/she is hydrated and has only 6% body fat then if the wrestler weighs 128 pounds then that wrestler may wrestle at 132 or above.)

C. The school must have each wrestler body fat tested prior to the wrestler competing in any interscholastic matches. The school must print the results of the body fat testing from the school center. Each coach must carry a copy of this with him to all meets. **A wrestler involved in the initial appeal process regarding his/her minimum weight classification may not wrestle until the appeal is complete/final and posted on the School Center. The initial appeal must be completed within seven (7) calendar days.** **Note:** Any wrestler that loses more than 1.5 per cent body weight from the first test until the appeal must take the results of the first test.

D. A final appeal is available to each wrestler on or before Friday of week 24 on the IHSA Standardized calendar. This appeal will allow a new descent plan following the appeal and after wrestling. Only wrestlers who have followed their original descent plan are eligible for their final appeal. The new descent plan will only allow the wrestler to descend no more than one weight below the lowest weight on the original descent plan.

E. In the event a school wishes to make a final appeal to the results of the original body fat testing, the final appeal must be filed and completed by Friday of week 24 on the IHSA Standardized Calendar. A copy of the final appeal form can be found on page 24 of this manual.

ALL MEETS:

Coaches MUST present the Body Fat Roster to the official. The forms will be collected and kept at the scorer's table.

II. TIME PERIODS FOR MEASUREMENTS

A. Skinfold measuring may begin on Monday of Week 19 of the IHSA calendar. All wrestlers, including those coming out late, must have their minimum weight established prior to any competition.

B. Skinfold measuring must be completed by Friday, of Week 30.

C. Results of measurements will be posted on the School Center. A wrestler **may not wrestle** until his/her name appears on this result sheet.

III. RESPONSIBILITIES OF SCHOOLS IN THE MEASUREMENT PROCESS

A. It is the school's responsibility to ensure that an approved IHSA skinfold measurer conducts the body fat testing portion of the program. The list of approved measurers can be obtained from the IHSA website at www.ihsa.org under wrestling.

B. The school must have available at the time of the skinfold measuring: 1) a scale, 2) skinfold data sheets (provided by the IHSA in the schools center), 3) school officials (coach, teacher, A.D.) who will assist in obtaining the weight of each wrestler and with the recording of data.

C. The school shall see that all charges for skinfold measuring are paid. IHSA certified skinfold measurers may charge up to \$5.00 per wrestler measured. (Most schools are certifying people in their District so that no fee is paid.)

D. In the event a school wishes to make an initial appeal to the result(s) of body fat testing, the appeal must be **filed and completed** with the IHSA Office within seven (7) calendar days of the posting of the initial body fat results sheet on the Schools Center. A copy of the appeal form can be found on page 23 of this manual.

IV. WEIGHT LOSS PER WEEK

A. A weight loss of 1.5% of a wrestler's total body weight per week on the descent has been established by the IHSA. A wrestler will not be allowed to wrestle at his/her established

minimum weight until the date specified on the body fat result sheet provided by the IHSA. This date allows for a 1.5% weight loss per week from the date of the body fat testing.

Note: The first date a wrestler may qualify for each weight class on their descent is listed on the Body Fat Verification Form. A wrestler is ineligible to weigh in at that weight class until the listed date they must make scratch weight or the first time down. No allowances given.

Each wrestler must make weight at the next lower weight class on the decent down to their certified weight class on the first weigh in for that wrestler on or after the target date listed on the weight control certification form.

B. A wrestler may not weigh in more than one weight class above the lowest weight class at which he/she has ever weighed in. If he/she does weigh in higher than one weight class above the lowest weight at which he/she has weighed in, then the wrestler establishes a new certified weight class one weight class above his/her original certified weight. (example: If wrestler weighs in at 136 for the 138 weight class, that wrestler may weigh in at 138 or 145. Two weeks later the same wrestler weighs in at 131 for the 132 pound weight class. The same wrestle may now only weigh in at 135 or 138 for the remainder of the year. If this same wrestler weighs in at the 145 lb weight class anytime during the remainder of the year, this wrestler would not be allowed to weigh in below the 138 pound weight class for the remainder of that year.)

C. Coach must keep track of actual weigh in weight for each wrestler and have the weigh in form verified by the weigh in supervisor (Form available on line).

EQUIPMENT

The IHSA will accept measurements using only skinfold testing for the initial test or the results from the TANITA TBF-300-A or 300-WA Body Composition Analyzer/Scale with approval from the IHSA WR Administration.

Skinfold measurements shall be taken **only** with the Lange or Slim Guide Caliper. Measurements taken with the Lange or Slim Guide calipers must be taken by an IHSA certified skinfold measurer.

The Specific Gravity Test strips may be purchased for 100 strips per bottle and under \$70.00 per bottle. Re Fractometers may be purchased and used to determine urine specific gravity.

CERTIFYING BODY FAT TESTER

1. Each school will have the opportunity to certify a person that will be responsible for Body Fat Testing. This person must be someone that is not connected with coaching of wrestling or related to anyone connected to wrestling in your school district. It may **not** be a wrestling coach.

Suggestion: Trainers, school nurse, health teacher, nurse practitioner, etc. The principal will be responsible for designating that person to the IHSA. If a school elects not to certify a body fat tester, then they must coordinate with one of the certified body fat tester to come to their school and do the testing of their wrestlers.

2. The school will be sent information to provide the IHSA the name of the person that will be trained to do body fat testing. This information will be sent to all principals in the electronic all school mailing in August.
3. The IHSA will conduct training sessions annually in September/October.
4. A person will not be certified until he/she has attended one of these sessions and his/her name appears on the IHSA web site as a certified body fat tester.
5. Only certified body fat testers will be allowed to conduct body fat testing and enter results of the testing on the IHSA web site. Only certified body fat testers will be allowed to read and enter results from the TANITA TBF-300-A or 300-WA Composition Analyzer/Scale.
6. There will be a \$35.00 fee for the training of the body fat testers. This fee will be used to pay for the training of the Body Fat testers and the material used for handouts.
7. Schools will receive all the results of the Body Fat Testing on-line in the School Center and **must carry a copy of the Body Fat Test results with them to all meets and provide a copy to each coach for all dual meets.**

INSTRUCTIONS FOR BODY FAT TESTER

1. Have wrestlers being tested take the test for Urine Specific Gravity first. **NOTE:** Follow directions for administering this test. Once they pass the hydration test,

they must be skinfold tested immediately. They cannot work out once they have passed the hydration test.

2. Wrestlers that do not pass the Urine Specific Gravity Test **will not** be body fat tested on this date. They only get one opportunity on any given date to pass the Urine Specific Gravity Test. Wrestlers that do not pass the Specific Gravity Test **must wait 24 hours to be re-tested.**
3. Once a wrestler has passed the Urine Specific Gravity test, he/she must be body fat tested immediately **on that date only.**
4. Proceed with the body fat testing of each wrestler. Take three measurements at each designated area and record each measurement.
5. Each body fat tester will have a secured site on the IHSA website. To enter the site, the certified body fat tester will enter his/her ID number and Password.
6. Once the Body Fat Tester has logged in on his/her personal site, he/she will have a screen come up that will ask for the ID number for the school for which he/she is entering results. The Body Fat Tester must enter the four (4)-digit school code number in that box.
7. The next screen that appears will be the data entry screen. The certified body fat tester must enter the following data on each wrestler:
 - Date of body fat testing
 - Name of wrestler – (Note: schools may enter the wrestler's name prior to the test date by accessing the school center and going to the body fat testing center)
 - Weight the day of testing
 - The three (3) measurements taken at each designated area on the wrestler.
8. Once all data is recorded for each wrestler, send information electronically to the IHSA. If a mistake is made entering data, email the IHSA the correct information that needs to be changed on that wrestler.
9. Body Fat Tester must keep a hard copy of all data in case electronic submission does not work properly or tampering has occurred.
10. Schools will get results from their schools center site. **The IHSA reserves the right to have any wrestler re-tested.**

**FITNESS ASSESSMENT:
BODY COMPOSITION**

Description of Skinfold Procedures

Equipment:

Skinfold Calipers (Lange or Slim Guide Skinfold Calipers with calibration block)

Flexible tape and erasable markers to mark the proper sites

TANITA TBF-300-A or 300-WA Composition Analyzer/Scale (optional)

Procedures:

1. All measurements should be made on the right side of the body.
2. A caliper should be placed 1cm away from the thumb and finger perpendicular to the skinfold and halfway between the crest and the base of the fold.
3. Pinch should be maintained while reading the caliper.
4. Wait one (1) to two (2) seconds (and not any longer) before reading the caliper.
5. Take triplicate measurements at each site and retest if triplicate measurements are not within 1 to 2 mm.
6. Rotate through measurement sites or allow time for skin to regain normal texture and thickness.
7. Take three (3) measurements at each testing point on the body.

Test Selection: Very lean and very obese people pose special measurement problems: there may be limitations in equipment placement and reproducible outcomes. In addition, there may be a psychological “drawback” to performing this test on individuals who are somewhat sensitive to such information.

STANDARDIZED DESCRIPTION OF SKINFOLD SITES

Skinfold Sites:

Abdominal: Vertical fold; 2cm to the right side of the umbilicus

Triceps: Vertical fold; on the posterior midline of the upper arm, halfway between the acromion and olecranon processes, with the arm held freely to the side of the body.

Subscapular: Diagonal fold (at a 45 degree angle); one (1) to two (2) cm below the inferior angle of the scapula

**APPEAL PROCESS FOR
BODY FAT TESTING**

1. A school may make an initial appeal of the results of the body fat testing two times per wrestler.
2. The first appeal must be filed and completed within seven (7) calendar days of the initial posting of the Body Fat Test results. Schools must fax a completed copy of the appeal form to the IHSA Office to start the appeal process.
3. The final appeal must be made on or before Friday of week 24 on the IHSA standardized calendar. Schools must fax a completed copy of the final appeal form to the IHSA office on or before the deadline.
4. No wrestler may wrestle interscholastically without being body fat tested. If a wrestler’s body fat test results are being appealed within the first week, the wrestler may not wrestle in interscholastic competition until the appeal results are posted on the School Center.
5. The appealing school shall assume all cost for any appeals it makes.
6. The wrestler has the following options for the appeal:

Have another skin fold test by any of the approved certified Body Fat Testers.

OR

Be hydrostatic weighed by one of the certified testers for hydrostatic weighing in the State of Illinois. **The school will be responsible to call and set up the appeal.** The date of the appeal must appear on the appeal form that is faxed to the IHSA Office. **Note:** Any wrestler that loses more than 1.5 per cent body weight from the first test until the appeal must take the results of the first test.

OR

Use Bio-Impedance test using the TANITA TBF-300-A or 300-WA Composition Analyzer/Scale.

7. The **wrestler must** take the results of the initial appeal or final appeal if completed.
8. The results of the appeal will be faxed to the IHSA Office, where the results will be posted on the school center.

9. No other appeals will be granted.

HYDROSTATIC WEIGHING PROCEDURES

Hydrostatic weighing involves determining an individual’s residual lung volume and land weight calculation. While dressed in a swimsuit, the participant will then be seated on a submerged platform/chair that is suspended in shoulder deep water from a weighing scale above. The participant exhales completely and then is instructed to immerse themselves under the water briefly, while an underwater weight is measured. Several trials are performed and recorded.

Please review the following instructions:

- Do not schedule if you have any lung or pulmonary disorders.
- Avoid vigorous activity 8 – 12 hours prior to testing.
- Fast for at least 4 hours before the test. (drink water during this time)
- Drink plenty of water to ensure that the athlete is hydrated.
- Swim attire is needed for the test
- Report for testing free of jewelry.
- Try to avoid gaseous foods at least two days prior to test date.
- Practice expelling all your air and holding your breath. This will make the test much easier.

HYDRATION (PASSING THE URINE SPECIFIC GRAVITY TEST)

- Eat a normal balanced diet emphasizing foods with high water content such as fruits and vegetables.
- Avoid foods and/or supplements that may contribute to water loss such as: chocolate, soft drinks, coffee, and creatine for at least 24-48 hours.
- Avoid vigorous physical activities that cause excessive sweating at least 24 hours.
- Consume plenty of fluids; at least eight to twelve (8) ounce glasses per day for several days prior to testing
- Avoid early morning assessment, if possible, due to the effect of not consuming liquids during your sleep.

QUESTIONS AND ANSWERS

- 1) Q. Is a wrestler who has not weighed in prior to the state series required to make scratch weight?
A. Yes.
- 2) Q. May a wrestler be weighed in for a match in which he/she does not wrestle?
A. Yes, but only weigh-ins for wrestlers who actually wrestle (forfeit wins included) in varsity, JV, sophomore, frosh, and exhibition matches shall count toward a weigh-in for scratch weight at that weight.
- 3) Q. May a wrestler who weighs 85 pounds be entered?
A. Yes. There is no minimum weight requirement for wrestlers at 106.
- 4) Q. Must weigh-ins against out-of-state competition be included?
A. Yes. Actual weights must be recorded and provided in the records of each wrestler.
- 5) Q. What if the Regional tournament is a wrestler's first competition?
A. If the Regional tournament is a wrestler's first weigh-in, he/she must wrestle at scratch weight.
- 6) Q. Does the Weight Control Plan establish the minimum weight class in which a wrestler may wrestle in the Dual Team state tournament series?
A. Yes, the Weight Control Plan as outlined does apply to the State dual meet tournament series. A wrestler's minimum weight class will be established at or before the Individual Regional tournament.
- 7) Q. Has the IHSA adopted a growth allowance?
A. Yes, each individual that has made scratch weight at a weight class will be granted a two-pound growth allowance for that weight class. The two-pound growth allowance will apply on December 25 to all wrestlers that have made scratch weight at that weight class. NOTE: If a wrestler has not made scratch weight before at that weight class, then he/she cannot get growth allowance or consecutive day allowance at that weight class until the wrestler has made scratch weight one time at that weight class.
- 8) Q. What is a wrestler's certified weight?
A. It is the lowest weight classification at which a wrestler may wrestle during the season.
- 9) Q. A wrestler, who is certified at 120 pounds, weighs in at 128 pounds and wrestles at the 132-pound weight classes. How does this affect his/her certification?
A. This wrestler is now re-certified for the remainder of the season at the 126-pound weight class. If a wrestler weighs in more than one (1) weight class above the lowest weight that he/she has made this year, he/she will be re-certified at one weight class above his original certified weight.
- 10) Q. A wrestler whose certified weight is 138 pounds, weighs in at 140 pounds at the Regional Tournament. Is he/she eligible to wrestle in the 152-pound class?
A. No. During the state series a two-pound growth allowance is in effect. As a result, each weight class is technically two pounds heavier. The wrestler in question would have to weigh in excess of 140 pounds to qualify for the 152-pound weight class.
- 11) Q. What if a wrestler's first competition is after December 25?
A. If a wrestler's first weigh-in is after December 25, he/she shall be required to weigh in at scratch weight.
- 12) Q. How will Regional Tournament managers verify entries to the weight classes?
A. Each school will turn in at the Seed Meeting the Body Fat Roster, which will serve as the Regional entry form, and a summary sheet of weigh-ins for each wrestler entered. These lists will be validated by the Regional Manager.
- 13) Q. Must all information required in Question 12 above be submitted on the official IHSA forms provided in this manual?
A. No. In lieu of the individual forms provided in this manual, coaches have the option of submitting all required information on computer forms.
- 14) Q. Must a school exchange Wrestler Body Fat Rosters at each meet?
A. Yes, each coach must provide to the other coach, a copy of the Body Fat Rosters and to the tournament director of a tournament.

TO: All IHSA Wrestling Coaches

SUBJECT: Individual State Final Tournament Procedures

Before you and/or wrestlers from your school participate in the State Final Tournament at the State Farm Center, you should review information in this bulletin with your other coaches, your wrestler(s) and/or his parent(s). It will make your trip to State Tournament one to remember.

Admission to State Farm Center: All coaches and wrestlers who have been issued a Participant Pass may enter the State Farm Center **ONLY** through the **Press and Participants Entrance**, which is located at the northeast side, 200 level, of the building. **YOU WILL NOT BE ADMITTED AT ANY OTHER GATE.** When entering, you must display your Participant Pass to the doorman. **YOU WILL NOT BE ADMITTED WITHOUT DISPLAYING YOUR PARTICIPANT PASS.** At the conclusion of each session, you may use the nearest exit.

Seating for Coaches and Competitors: Your Participant Pass allows you and your wrestlers access to the designated seating area for Wrestlers and School Personnel on the north side of the arena in Sections 104—108 and 208 directly in front of the Working Press Box. The reserved area DOES NOT INCLUDE the Working Press Box. This seating is designed to allow you necessary access to the Arena Floor at Aisle 105 when a wrestler(s) from your school is scheduled to compete. Please do not attempt to bring unauthorized persons into this designated area. The ushers are instructed to assist you in this aspect of tournament administration. Please remember that special seating for wrestlers (and coaches) who finish in the top six in each class will be reserved in the lower seats near Aisle 102 on Saturday night to allow them immediate access to the arena floor for the awards ceremonies.

IMPORTANT: The seating area is for coaches and wrestlers and other proper team personnel. Please do not bring unauthorized persons into this area, and please remind your wrestlers that their girl friends, for example, are most welcome to sit in the spectator sections, not the sections reserved for competitors.

Access to Arena Floor: Your Participant Pass, properly displayed, will allow you access to the Arena Floor at times when your wrestler(s) are competing, and for the Grand March should you have a wrestler(s) in the championship bouts. To get to the Arena Floor from the North Side Seating Area, use the Aisle 105. (For the finals, place winners may use Aisle 102 also.) You WILL NOT be allowed access to the Arena Floor without proper display of your Participant Pass.

Loss of Participant Pass: Duplicate Participant Passes for wrestlers and/or coaches **WILL NOT** be issued in the event they are lost or stolen. You and/or your wrestler(s) may gain access to State Farm Center with a paid ticket for admission. A wrestler or coach whose Participant Pass is lost or stolen will not be denied the opportunity to compete/coach. Replacement passes will be issued only by the State Final Manager, Joe Pedersen, once inside State Farm Center.

Grand March: There will be the traditional Grand March of Class 1A, 2A and Class 3A Finalists, floor officials and other dignitaries. Should a member of your school squad become a competitor in the championship match, please make sure both you and your wrestler(s) assemble in the tunnel at the north end of the State Farm Center no later than 5:00 p.m. The Grand March will begin promptly at 5:30 p.m., and we will begin wrestling the individual championship bouts promptly following the Grand March. Note: Grand March is designed to honor wrestler and coach. Participation will be limited to school personnel unless approved by management.

Results: Duplicated results **WILL NOT** be made available to coaches. The following process will be used:

- 1 Complete results will be posted on the IHSA web site (www.ihsa.org) after each round.
- 2 As each page is duplicated during the tournament for distribution to news media personnel with proper credentials, that page will be posted on bulletin boards to be used for this purpose in Room 1360 (Fighting Illini Basketball Lounge). Coaches may then obtain any result(s) they desire from these posted result pages and record them in the official program contained in the school packet distributed to each school prior to the start of the tournament. Extra programs may be purchased in the State Farm Center concourse throughout the tournament. **Do not remove the result pages from these bulletin boards.**
- 3 Class-by-class result boards are updated for each weight class in the individual competition on a per round basis. These boards are displayed on the North 100 level concourse. The boards are posted for review by coaches and spectators until the start of the final session Saturday night. Managers may copy results from these boards.
- 4 Personnel on duty in the media room will distribute results only to accredited news media personnel only, and will not distribute pages of results to coaches, managers, etc. Please do not cause crowding at the Media room door, nor embarrassment to yourself or your school, by trying to obtain results improperly.

Press Box: Seating is assigned to working press and official tournament personnel only. Please inform your wrestlers and members of your official party that the press box is designed to accommodate members of the working press and official tournament personnel only, and not wrestlers or coaches.

Interviews: Members of the news media covering the tournament have been informed to interview coaches and wrestlers in the seating area reserved for wrestlers and coaches in front of the Working Press Box (or at their assigned location in the Working Press Box) or elsewhere in the State Farm Center for all sessions. In addition, interview areas on the arena floor for the three-mat session(s) also will be used (see chart). Please be considerate of requests from news media personnel for interviews, but also help them cooperate in keeping the arena floor clear so that competition may proceed as scheduled. Should a news media representative interview you at that representative's assigned seat in the Working Press Box, please leave the Working Press Box once you have completed the interview.

The order in which coaches and/or wrestlers will be required to participate in post contest interviews will be: 1) (Only) Television; 2) (Combined) Print and Radio. Immediately following the conclusion of each championship match, the coach and/or wrestler involved in the match may first be interviewed by television reporters on camera in the designated interview area. After approximately two (2) minutes of television taping, the coach and/or wrestler involved in the contest will be available at the designated area for print and broadcast personnel. (TV Reporters also may participate but will not have exclusivity at this time.)

Photographs: It is imperative that coaches of a wrestler who places third, fourth, fifth or sixth in his individual tournament weight class make sure the wrestler returns to the State Farm Center for the final session and that the wrestler changes into either their school warm-up uniform or official school wrestling uniform for the weight class official photograph of place winners. The title bouts will be conducted in the final session and the official photos will be taken following each weight class title bout.

Official Photos: Each individual and the group of place winners in each weight class will be taken by Visual Image Photography. Look for the VIP display on the concourse of the State Farm Center to place your order, or use the order form in the school packet distributed to each school at the state final. Wrestlers will not be released until they have turned to be photographed by all parties.

At the Saturday night finals, the top six place winners in each weight class will be honored at the completion of competition in their class. These young athletes will be introduced and will receive their medals while on the awards stand at the west side of the arena.

For safety's sake and to prevent a general detraction from the honors being bestowed upon these athletes, media photographers bearing the proper credentials and parents will be allowed to take pictures outside the roped area, including the area. Once draped, the winners will face the media for pictures. No photographers will be allowed on to the floor.

Video Tape Equipment: Self-contained videotape equipment is not prohibited in the State Farm Center. Videotaping may be done from your seating location in the stands, but equipment will not be allowed to be positioned in such a fashion as to prevent spectators and/or other competitors and coaches from viewing the competition. Under no circumstances shall a non-news media (meaning spectator and/or school) videotape crew be permitted access to the arena floor for competition during any session of the tournament. Approved non-news media videotape crews may be given access to the press box locations and the east photo deck (behind and above the press box) only for the championship bouts of the individual competition portions of the tournament. Approval must be obtained in advance of the finals from IHSA Assistant Executive Director Matt Troha, who can be reached in the Media room.

Corrections in Program Information: Please make sure corrections concerning wrestlers from your school (name spelling, year in school, season record, etc.) are given to the scorers at the mats when they first wrestle, and for every bout thereafter, so that corrections may be made on the score charts posted in the outer concourse of State Farm Center on the north above the 100 level concourse, and so that results involving wrestler(s) from your school will be duplicated correctly.

Corrections in Tournament Records, Data: Please check the tournament records and other data included in the official program to make sure that we have proper information involving your school and/or wrestlers from your school who hold tournament records. If you find a mistake, please inform the head table as soon as possible, but before you leave State Farm Center Thursday.

IHSA Tournament Managers/Hosts,

The advent of greater broadcasting technology over the past few years has brought about many new potential broadcasters and many new broadcasting platforms and mediums, especially as it pertains to broadcasting video over on the internet. It is important to remember that most internet video streams of IHSA State Series (Regionals, Sectionals, Super-Sectionals, Football Playoffs) events will require that a broadcast rights fee be paid by the broadcasting individual/company. A new internet video broadcasting fee schedule has been developed and is located below, but first please read these reminders on how to determine if a fee is necessary should you be approached about a video webcast of the State Series event you are hosting. If at any time you ever have questions on the fees or any other matters related to broadcasting or media, please call Matt Troha at the IHSA office (309-663-6377).

STUDENT MEDIA CREDENTIALS FOR PARTICIPATING SCHOOLS

Congratulations on qualifying for an IHSA state final in a team sport. In order to provide the best possible coverage of this event for your school newspaper, yearbook and AV club, etc. you are entitled to have up to three students receive credentials to cover this event as official media members. In the event that you have less than three students, an adult sponsor may be included on this list. To apply for student media credentials, please have your Athletic Director or an individual involved with the aforementioned programs email Matt Troha (mtroha@ihsa.org) at the IHSA with the following information:

- 1) The names of individuals attending
- 2) Whether they are students or adults
- 3) If the attending individuals will serve as reporters, photographers, videographers, etc.

Student media who are registering for credentials are expected to maintain a level of professionalism while covering this event. That includes no cheering while in the press box or game coverage area. Proper attire is also required. Wearing school shirts and colors is acceptable, but students wearing face paint, costumes, carrying props, etc. will be required to change before receiving credential clearance.

The individual applying for student media credentials will receive specific information on credential pick-up and media regulations at the event via email in the days leading up to the state final.

Please note that student media credentials are only available for state final events in team sports. Due to the sheer volume of schools who qualify in individual sports, our press facilities would be unable to accommodate student media from all participating schools in individual sports. Student media are also welcome to cover IHSA state final activities. Credentials are not required for these events, but please have your students check-in with state final personnel upon arrival for media coverage regulations.

VIDEO TAPING STATE FINALS FOR COACH FILM BREAKDOWN

Each school will be eligible to receive a pass for an individual attending the state final event to shoot game film that is for the sole purpose of being used by the coaching staff for postgame breakdown. Passes for videographers shooting highlight videos, documentaries, etc. should be included in student media application reference above. Additional passes for videotaping purposes will need to come from the allotment of state final passes given to school/head coach at or prior to the state final event.

To apply for a credential to shoot video, please have your Athletic Director email Matt Troha (mtroha@ihsa.org) at the IHSA with the name of the individual who will be taping and whether they are an adult or a student.

Please contact Matt Troha (309-663-6377) at the IHSA for any questions related to this document.

2017 IHSA Individual State Wrestling Tournament Format Grand March and Awards Ceremonies @ State Farm Center

Photograph Procedures

1. Class 3A 3rd through 6th Place Winners and Class 1A & 2A 3rd and 4th Place Winners

It is imperative that coaches of a wrestler who places third, fourth, fifth or sixth in his individual tournament weight class make sure the wrestler returns to the State Farm Center for the final session and that the wrestler changes into either his school warm-up uniform or official school wrestling uniform for the weight class official photograph of place winners. The individual title bouts will be conducted in the final session and the official photos will be taken following each weight class title bout.

2. Reserved seating will be available in the first five rows of the North lower seats, Sections 104-108, to accommodate each placing individual tournament wrestler and his coach (approximately 150 seats). Please sit in this section and remain there until ready to report to the awards stand.
3. Parents will be allowed to shoot the awards presentation. They must report to Aisle 102 at the time of the respective weight class presentation. Immediately prior to the presentation, they will be allowed access to the arena floor and will be allowed to shoot the group of wrestlers on the awards stand. They then must return to their seats in the stands via Aisle 102 when the time for them to shoot is announced to be over.

Grand March Procedures

A. Grand Marshals — Each Grand Marshal will march at the start of the Grand March, leading a column of wrestlers. They will be placed by alphabetical order according to last name. They will be introduced in alphabetical order by last name and are to step forward one step as they are introduced.

B. Wrestlers and their Coaches/School Personnel

1. Each finalist, along with his coach, must report to the north tunnel area, leading from the locker room area to the main floor not later than 5:00 p.m. Saturday. (Listen for special announcements calling finalists and coaches to the area earlier.)
2. Each head coach or an assistant will stand alongside his wrestler to the wrestler's outside.
3. As soon as the main floor is prepared for the finals, the Grand March will begin at 5:30 p.m. with the playing of the Olympic March.
4. Wrestlers and coaches will enter the Arena Floor coming up the tunnel ramp and follow the group.
5. Introduction of all opponents will be made starting at 106 pounds Class 1A, 106 pounds Class 2A, 106 pounds Class 3A, and so on. Wrestlers will step to the center to shake hands, and return to their previous place at mat side.

C. Floor Officials Procedure

1. The floor officials for the finals will march in alphabetical order by last name and line up from the left (east) edge across the north edge of the mats facing the south, to be introduced.
2. Each floor official will be introduced and each official will step forward one step as his name is called. They will be introduced in alphabetical order by last name.

Grand March and Awards Ceremonies @ State Farm Center—Page 2

D. National Anthem Procedure

1. All participants in Grand March remain in position following introduction of the floor officials, face the colors, and remain in position for the playing of the National Anthem.

Awards Procedure

1. All champions must stay in uniform and remain on the floor for a composite picture of all champions in Class 1A, Class 2A and Class 3A at the conclusion of the tournament.
2. At the conclusion of each championship match, both wrestlers should report immediately to the east side of the floor to the chairs located next to the respective awards stands.
3. During the championship bout of their weight class, the 3rd, 4th, 5th and 6th place winners in each class will report to the chairs alongside the respective class awards stand at the east side of the arena floor.
4. Awards will be made at the conclusion of both classes in the following weight class (i.e. 106 pounders receive their awards after all classes of 113 are concluded, etc.).
5. Individual awards for the six place winners will be presented last beginning with sixth place and proceeding to first place on the Class 3A awards stand. This procedure will be followed to allow photographers the opportunity to take necessary pictures (INCLUDING THE IHSA OFFICIAL PHOTOGRAPHER) more efficiently and to help decrease the delay between presentation of awards and resumption of competition. Coaches are reminded to inform wrestlers from their school who will receive awards to report on time and to remain until photographers have completed their assignments.

Dear Coach or Athletic Director:

Even though only 24 teams will advance to the Dual Team State Final (8 in Class 1A, 8 in Class 2A, and 8 in Class 3A), each Regional Tournament Team Winner will be required to complete the State Final Program information form online. This form provides the IHSA with most of the information (everything except statistics) printed in the state final souvenir program. You are required to provide this information once your team has won the Wrestling Regional Tournament.

The information you will provide online includes administration, coaching staff, coaching history, season record, and roster.

(If you experience any problems, please call the IHSA Office and ask for Cheryl Charlton.)
