Soft and yielding caps during inclement weather. Caps must be alike in color.

If anything (ex: tape or Velcro) is worn on the outside of the sock it must be clear or similar in color of the socks.

3. Officials' pre-game meeting with ball runners:

1. Meeting occurs prior to each game.

Once an official arrives and enters the site of competition, their jurisdiction begins. Since officials are on the field during warmups, their jurisdiction begins at that point, not solely 15 minutes prior to the game.

5. Pre-Game Protocol:

During regular season contests, when the warm-up clock runs to 0:00 (5 minutes before posted start time), officials, coaches and players meet for the equipment check, sportsmanship talk and coin flip.

If an announcer is present, introductions begin. If no announcer, game begins immediately. Following this protocol will allow athletes to warm up uninterrupted in preparation for the game.

6. Regular Season and State Series Contests:

In the event a game is suspended due to conditions that make it impossible to play, the head referee shall declare it an official game if one complete half or more of the game has been played.

If less than one half of the game has been played, the game may be continued from the point of interruption to the next available playing time, i.e., a delay may be called, or a game suspended until rescheduled.

7. Class 1A/2A/3A Super-Sectionals Only:

In the event a game is suspended due to conditions that make it impossible to play, the game will be rescheduled for the next day from point of suspension. Or if mutually agreed upon by both head coaches, the game may be considered final. If the game cannot be played or completed by the end of Thursday night prior to the State Semifinals, the team with the lead will be declared the winner. If the teams are tied and the game cannot be completed on Thursday, then a coin toss shall determine which team will qualify for the State Finals.

8. Caution Count:

All Yellow Cards received during regular season or tournament competition must be recorded by the coach. If a caution is not submitted to the IHSA Schools Center within 48 hours of the contest, the coach or an Administrator must report the yellow to the IHSA office.

3. All yellow cards received are included in the yellow card count, regardless of how many the players or coach receives in a single game.

Example: If a player receives a caution during the game and then receives a subsequent straight red during the same game, that player's yellow card count will be charged for one and the red card count shall be charged for one.

4. The committee recommends that Soccer officials submit an explanation in the Yellow Card report that describes the offending behavior or language when a player or coach is issued a yellow card for dissent.
5. The committee recommends that administrators review yellow card reports submitted for dissent in a timely manner so that they may address the offending player or coach regarding their behavior before their next game.

Straight red cards received by a player or coach are to be tracked by the school and the IHSA. Recipients of a straight red card will have the following consequences:

1st straight red card = 1 game suspension (current practice)

The straight red card(s) count accumulated during the regular season will continue through the state series.
