Rationale: Both genders would benefit from having Friday off to rest/recover and plan for the Saturday games. The schedule in its current state disadvantages the girls' teams by not allowing them the rest/recovery and game-planning afforded to the boys' teams with having Friday off but

also severely disadvantages the girls' team that must play late on Friday and then again early on Saturday morning in even years of the current rotation.

The State Final host site, Hinsdale Central can accommodate four games on Thursday and 4 games on Saturday and by eliminating a third day, work schedule and staffing needs are easier to fill with two days of state final tournament play.
