COACHES MEETING TO SEED TEAMS: Schools entered into the Class 1A - 4A state series will be required to submit a *Season Summary Form* on-line in the IHSA Schools Center. Failure to do so by the designated date and time will result in a school forfeiting its opportunity to participate in the seeding process. No school shall vote for their own team. Seeding will occur at the sub-sectional or sectional complex level, depending on each school's first level tournament assignment. The highest and lowest seed will be dropped when determining seeds in 3A and 4A sectional complexes. Neither the super-sectional nor the state final shall be seeded. Once the seeds have been finalized, the IHSA will post those at IHSA.org. Managers and coaches are prohibited from releasing the results of their seeding meetings to media.

TERMS AND CONDITIONS: For a full statement of the specific Terms and Conditions under which your school will be participating, PLEASE READ CAREFULLY the Terms and Conditions printed in this manual.

OFFICIALS ASSIGNMENTS: Assignment of game officials shall be made by the IHSA based on the IHSA officials ratings system. Schools will not rate officials at the seeding meeting.

V. TOURNAMENT ASSIGNMENTS AND SEEDING MEETINGS

A. Class 1A and Class 2A: In class 1A and 2A, all state tournament series will begin in Regionals with initial seeding done by sub-sectionals. Each sub-sectional will contain 2 regional sites. Seeding for the tournament series will be done by sub-sectionals. Each sub-sectional will be seeded with the #1 and #4 assigned to one regional and #2 and #3 assigned to the other regional. The remaining teams will be assigned by geography.

B. Class 3A and 4A: All state tournament series will begin with a sectional complex except where excessive travel is a factor. This is determined by the IHSA administration. Where this occurs, the tournament series will begin with sub-sectionals. Each sub-sectional will contain 2 regional sites. Seeding for the tournament series will be done by sub-sectionals. Each sub-sectional will be seeded with the #1 and #4 assigned to one regional and #2 and #3 assigned to the other regional. The remaining teams will be assigned by geography. For those groupings that remain sectional complexes, 'true Seeds' will be used to assign schools to regional tournaments.

C. Tournament Series: The successive tournament series shall be designated respectively as regional, sectional, super-sectional, and state final. The IHSA Office will select all regional, sectional, and super-sectional host sites. All schools entered in the state series will be assigned to a sub-sectional or sectional complex based upon geography.

D. Seeding Meetings: All seeding meetings shall be conducted on-line through the IHSA Schools Center. Seeding will only occur at the sub-sectional or sectional-complex level. Schools that complete the Season Summary Form by the established deadline of 10 a.m. on Wednesday, February 12, 2025, will have from 12 p.m. on Wednesday, February 12, 2025, until 12 p.m. on Thursday, February 13, 2025, to go on-line and cast one (1) seeding vote for their respective first-level tournament assignment.

E. Season Summary Form: Schools entered in the Class 1A- 4A state series will be required to submit a Season Summary Sheet on-line in the IHSA Schools Center. Schools must enter all game schedules and results into Maxpreps.com to be counted toward season summary totals. Schools entered in the Class 1A-4A state series will have until 10 a.m. on Wednesday, February 13, 2025, to complete this on-line form. Failure to do so by the designated time and date will result in a school forfeiting its opportunity to participate in the seeding process. The Season Summary Form can be found in the IHSA Schools Center.

F. Seeding Meeting: Each school who completes the Season Summary Form by the established deadline shall have one (1) vote in the seeding process. No school shall vote for their own team. Seeding will occur at the sub-sectional or sectional complex level, depending on each

school's first level tournament assignment. For Class 3A and 4A sectional complexes, the high and low seeds will be dropped for each school in determining their seed.

G. Pairings:

1) In Class 1A and 2A, all state series shall begin with sub-sectionals. A sub-sectional is a grouping of two geographic regionals.

In grouping and seeding a sub-sectional, only the top four seeds shall be separated. Seeds #1 and #4 shall be assigned to the same regional unless there is a hosting conflict, in which case seeds #1 and #3 shall be assigned to the same regional. The remaining schools shall be assigned to the regionals based on geographic proximity and paired according to their seeds.

In pairing the sectional semi-final round containing sub-sectionals, the regional from sub-sectional A containing the #1 seed shall be paired with the regional of sub-sectional B containing the #2 seed, and vice versa.

In all classes of bracketed team sports, the Executive Director is authorized to modify the state series brackets to accommodate unique travel situations.

2) In Class 3A and 4A, all state series shall begin with sectional complexes. In sectional groupings where excessive travel is a factor, geographic sub-sectionals may be used at the discretion of the IHSA Administrator.

In grouping and seeding a sectional complex, true seeds shall be used to populate the brackets except in cases where a conflict arises with pre-determined regional hosts. (For example, if the #1 and #8 seeds are both regional hosts, they cannot be assigned to the same regional, and an adjustment must be made.)

In grouping and seeding a sub-sectional, only the top four seeds shall be separated. Seeds #1 and #4 shall be assigned to the same regional unless there is a hosting conflict, in which case seeds #1 and #3 shall be assigned to the same regional. The remaining schools shall be assigned to the regionals based on geographic proximity and paired according to their seeds.

In pairing the sectional semi-final round containing sub-sectionals, the regional from sub-sectional A containing the #1 seed shall be paired with the regional of sub-sectional B containing the #2 seed, and vice versa, except for the southernmost sectional in Class 4A, where the two regionals in each sub-sectional shall be paired with each other.

In pairing the sectional complexes, the sectional tournament shall be set up so that the semi-finals will pair the winners of the regionals with the numbers 1 & 4 seeds in one game, and the winners of the regionals with the numbers 2 & 3 seeds in the other game.

In all classes of bracketed team sports, the Executive Director is authorized to modify the state series brackets to accommodate unique travel situations.

4) In all tournament games, the referee shall sign the official scorebook at the conclusion of the game at either the scorer's bench or in the officials' locker room. IHSA BASKETBALL RULE ADOPTIONS FOR 2024-25

1. The Mercy Rule (Rule 5-5-3) will be used in all regular season contests, regular season tournament games, and through the Super-Sectional level in the IHSA State Series contests. A running clock shall be used in the fourth quarter games that have at least a 30-point score differential. Once a game reaches this differential and the clock starts running, it will continue running and stop only for one of the following:
 - A team timeout
 - An injury timeout or the removal of a disqualified player.
 - The administration of a penalty for a technical foul
 - An officials' timeout
 - Correctable error situation

Note: The Mercy Rule will not be used during the Boys' or Girls' State Final contests.
2. The IHSA has adopted the use of a 28' coaches box for all regular and post season contests. Schools and officials are reminded that the use of the box is NOT a requirement. However, if the box is going to be used, it must be placed on the floor in accordance with rule 1-13-2. Schools and officials are also reminded that rule 10-5-4 and 10-6-1 clearly articulate the manner in which coaches can be off the bench within the confines of the box and the manner in which officials are to penalize the head coach or other bench personnel who violate the provisions of the coaches box rule.
3. For the 2024-25 school year, the IHSA Board of Directors has authorized the use of a 35 second shot clock for any regular season game high school game. Competing schools, though, must agree to its use in advance. Member schools do not need prior approval from the IHSA Office to use the 35 second shot clock. The 35 second shot clock will not be used in the IHSA girls' and boys' state series until the 2027 post-season. Member schools using the 35 second shot clock must use [the model rule](#) adopted by the IHSA Board of Directors.

Seeding Meeting Information

The following is intended to provide an explanation of the process that coaches will follow in seeding the first level tournament assignment for their school.

Coaches are expected to take part in the seeding process with the highest standard of integrity and to ensure fairness and equity for all participants. Coaches should be entering their games and scores throughout the season in MaxPreps.com. Coaches can view the season summaries and do their seeding in the Sport & Activity Tracker section of the IHSA Schools Center under the 'Required Data Forms' column for boys basketball. The head coach from each school will be allowed to vote.

Coaches will not be allowed to vote for their own team. Coaches will determine their seeds based on these factors:

- Head-to-head victories against teams assigned to the first level tournament
- Record against common opponents
- The total win/loss record of schools in the tournament, and
- Team evaluation based on narrative provided by coaches

These factors have not been prioritized. The IHSA reserves the right to review all submitted seeds and throw out ballots and adjust the seeds accordingly.

In the event that schools tie for a seed, the IHSA will use the following criteria to break the tie:

- Head-to-head competition between the tied schools (games played prior to the final release of seeds)
- Random draw (if more than 2 schools are tied for a seed)
- Coin flip (if 2 schools are tied for a seed and head-to-head competition can't break the tie)

Schools will be able to access all the seeds made by other schools assigned to their seeding meeting prior to the seeds being posted on-line through the IHSA website. Tournament assignments will then be posted by the end of the week during which seeding occurs. The timetable that follows shows the dates for the 2024-25 school term.

IMPORTANT SEASON SUMMARY FORM INSTRUCTIONS

Schools entered into the Class 1A - 4A state series will be required to submit a *Season Summary Form* on-line in the IHSA Schools Center. Failure to do so by the designated date and time will result in a school forfeiting its opportunity to participate in the seeding process. **The *Season Summary Form* can be found in the IHSA Schools Center.**

Standardized Basketball Statistics

To standardize statistical information, personnel at member schools should incorporate the following when compiling individual and cumulative team statistics:

In situations where a college or university Sports Information Department is responsible for statistical material, Super-Sectional managers should supply the SID with a copy of the box score for consistency.

Uniform Statistical Recording

Terminology

Total Field Goals Made (FG): all baskets made (includes 2-point plus 3-point goals).

Total Field Goals Attempted (FGA): all shots attempted whether it is made or not (includes 2-point shots plus 3-point shots).

Three-Point Field Goal made: a shot made from beyond the 3-point line.

Three-Point Field Goal attempted: a shot from beyond the 3-point line whether made or not.

Free Throws Made (FT): a foul shot made from the Free Throw line.

Free Throw Attempted (FTA): a foul shot attempted whether it is made or not.

Rebound (REB): a missed shot retrieved by an individual whether the shot was taken by a teammate or an opponent.

Assist (A): a pass from a teammate that leads directly to a basket. (**NOTE:** If player takes two dribbles before shooting, no assist is to be credited unless play is a breakthrough).

Personal Foul (PF): the number of fouls committed.

Total Points (TP): the actual number of points scored by an individual and team – by adding 2-point field goals, the 3-point field goals, and the free throws totals together.

Blocked Shots (BLK): opponent shots blocked in which the ball does not hit the rim or backboard.

Steals (S): when a player takes the ball away from the opponent before the opponent can shoot or pass the ball.

Calculations: When we justify the statistics, we multiply total field goals made by two (2) points, add in one point for each 3-point field goal made, and add in one point each Free Throw made.

Example:

| <u>Name</u> | <u>Overall 2-pt. + 3-pt. FG-FGA</u> | | <u>Only 3-pt. FG-FGA</u> | | <u>All FT M-Att.</u> | <u>Total Points</u> |
|---------------|---|---|------------------------------|---|--------------------------|-------------------------|
| Emma Carstens | 11 - 20 (2x11=22) | + | 3 - 5 (=25) | + | 4 - 6 (29) | 29 |

Scoring Rules:

- a) ALL shots, whether from the field or from the foul line, unless nullified by a floor violation, foul, or elapsed time must be counted.
- b) Rebounds should be awarded when a player gains control of a missed shot, regardless of whether he catches the ball in the air or on the bounce.

Important Notes:

- a) When an offensive player tips a missed shot back at the basket, one rebound and one field goal attempted should be recorded.
- b) No individual rebound should be awarded when the ball goes out of bounds after a missed shot. That should be recorded as a team rebound for the team that receives the ball.
- c) If a shooter misses the first of a pair of free throws on a two-shot foul, the team shooting should receive a team rebound.
- d) The total number of missed shots should equal the total number of rebounds.
- e) Technical fouls on individual players are included in the personal foul category.
- f) Score by Quarters is the actual number of points made by a team in each quarter.
- g) Shooting percentages are obtained by dividing the total number of shots in a particular category into the number of shots made.

Boys Basketball Tournament Series Ticket Distribution Plan

Plans for distributing tickets for the 2025 Boys State Basketball Tournament Series have been approved by the Board of Directors and reflect date changes, price guidelines and distribution policies for all levels of the state series.

Distinct statewide prices have been set for tickets at all levels of the tournament series.

– IHSA member schools wishing to purchase tickets from the State Farm Center at the University of Illinois, Urbana-Champaign, will be guaranteed state finals tickets if the school submits the ticket application form to the State Farm Center by December 16, 2024. After that date, schools may still submit the application form to the State Farm Center, who will process those requests on first come, first-serve basis.

– Location of seats allocated for sale to IHSA Basketball Season Ticket Holders, the news media, Board of Directors and other persons determined by the Board to have the opportunity to purchase advance tickets for the State Final Tournament(s) will continue to have next preference, if orders are postmarked on or before December 15.

Plans for distributing tickets for the Sectional, Super-Sectional and the Boys State Final Tournament(s) will continue to give schools which enter the tournament series the opportunity to purchase tickets for the advanced levels of competition in the tournaments and will provide tickets for each of the schools participating in these tournaments.

NOTE: Season Ticket Prices for Regional/-Sectional Meets and Tournaments:

1) Local managers of Regional and/or Sectional tournaments in which two (2) or more sessions are conducted may sell season tickets along with session tickets. In the event a manager exercises this option, the season ticket price will be the session ticket price times the number of sessions.

2) In all Class 3A & 4A Regional games, visiting teams shall be given the opportunity to pre-sell 30% of the tickets available for the game. Unsold tickets must be returned to the host school at a time which will permit the host school a reasonable opportunity to sell remaining tickets to the general public.

NOTE: Presale tickets for Regional finals, and Sectional semifinals and finals:

1) Host schools must provide presale tickets to schools competing in Regional finals, Sectional semifinals and finals, if requested to do so by a competing team.

2) Competing teams are responsible for all of the presale tickets they are given. All unsold tickets must be returned to the host at least three (3) hours prior to game time.

Regional final: Requests for presale tickets at the Regional finals must be made by Monday, February 24 for all classes.

Sectional semifinals and finals: Requests for presale tickets at the Sectional semifinals and finals must be made by Friday, February 28 for all classes.

Regional Finals and Sectional Distribution

Tickets for the Sectional tournaments will be distributed as follows:

1. Per IHSA Board Policy 22, GoFan Digital Tickets will be the exclusive digital ticket option available for competing schools and fans. GoFan will be utilized at all Sectionals and Super-Sectionals held at high school venues and may be used at non-high school venues.

2. From the total number of seating spaces in each gymnasium, a reasonable number of spaces shall be reserved for the press, radio, bench officials, players and other team personnel.

3. For Sectionals and Super-Sectionals using GoFan, the IHSA will post the tickets for sale on GoFan. In conjunction with the host school, the IHSA will allocate an even ticket split between the competing schools, while leaving a smaller percentage of tickets for sale to the general public (typically 40/40/20 or 45/45/10 depending on host and capacity). The school allotment will be sold through a private link that the competing school can distribute as they see fit. Prior to sale, a deadline will be set on the private links based on the game date/time and at the time of the deadline, all unsold tickets from the private link will be moved to sale for the general public.

4. Subsidiary Regional Schools

Class 1A & 2A Tournaments: The local manager shall deduct the total number of seats reserved for the schools which participated in the Regional tournaments subsidiary to his/her Sectional tournament. Each school may purchase not more than ten (10) tickets for each session.

Class 3A & 4A Tournaments: The local manager shall deduct the total number of spaces reserved for the school which participated in the Sectional Complex subsidiary to the Sectional tournament. Each school may purchase not more than sixteen (16) tickets for each session.

5. After providing for the allotment in (1) and (2) above, the host school may take twenty (20) percent of the remaining tickets. If the host school is one of the participating schools, these tickets shall be taken in addition to the allotment for participating schools described below.

6. From the remaining tickets, each of the schools participating in a given session shall, regardless of size, be permitted to purchase half (50%) of the remaining tickets.

7. Ordinarily, season tickets should not be sold since it is impossible to determine in advance the proper allotment for Friday's (championship) games. However, if the host school decides to issue season tickets, they must come out

of and may not exceed the twenty (20) percent host school allotment described in (3) above.

8. Local managers of Sectional tournaments are instructed to devise plans whereby an equitable portion of the better seats will be made available to the followers of the teams competing in the games of the tournament.

9. The Sectional tickets for schools assigned to the subsidiary Regional tournaments, and referred to in (3) above, must be ordered no later than February 23 for all classes. If orders are received after these dates, the local managers will not be obligated to provide tickets for any sessions of the tournament.

10. Local managers must sell tickets at the prices adopted by the Board of Directors. (See "Ticket Prices" on previous page.)

11. Local managers must provide presale tickets to schools competing in Regional finals, and Sectional semifinals and finals, if requested to do so by a competing school. (See "Ticket Prices" on previous page)

Super-Sectional Distribution

Because of the larger seating capacities at the Super-Sectional centers, tickets at each center shall be set aside at Super-Sectional sites to be distributed as follows:

1) Per IHSA Board Policy 22, GoFan Digital Tickets will be the exclusive ticket option available for competing schools and fans.

2) A reasonable number of spaces shall be reserved for the press, radio, bench officials, players, and other team personnel.

3) The local manager shall deduct the total number of seats reserved for the schools which participated in the Regional tournaments subsidiary to the Super-Sectional game. Each school may purchase not more than twenty (20) tickets for the game.

4) After providing for the allotments in (1) and (2) above, the host school may have twenty (20) percent of the remaining tickets for sale to the general public.

5) From the remaining tickets, each of the schools participating in a given session shall, regardless of size, be permitted to purchase half (50%) of the remaining tickets.

General Manager Instructions

Aims

It is a goal of the IHSA staff and the Board of Directors to conduct outstanding state championships in boys and girls basketball. The tournaments, sponsored by the Association and hosted by member schools, are some of the most significant events of the entire school year. Thank you for your contributions to this year's version of MARCH MADNESS! We look forward to an exciting state tournament series.

Tournament Plans

The Local Manager should develop a tournament calendar, from the time of host site selection through the sending of his/her final report to the IHSA Office. The Local Manager should organize the dates on which certain tasks must be accomplished, i.e. local media interviews, volunteer/staff meetings, "Instructions to Competing Schools" mailings, printing programs, ticket sales, etc. A calendar will help you maintain efficiency in your planning and enable you to complete tasks in advance of the tournament. The administrative and financial success of a tournament is often dependent upon the smooth operation of the series.

Committees and Helpers

It is beneficial to enlist the help of responsible school personnel or members of the community. Organize your volunteers into committees and appoint a qualified person to head each committee.

Tasks associated with certain committees may include the following:

1. Tickets: Sales and doorkeepers
2. Checking garments
3. Preparation of informational signs
4. Police protection (Security)
5. Floor and Bench Officials
6. Parking
7. Press: seating and reporting
8. Assignment and care of dressing/locker rooms: competing teams, cheerleaders, and Floor Officials
9. Preparation and operation of scoreboards
10. Concessions

Make sure all volunteers are thoroughly informed of their duties. It may be helpful to provide written instructions for each committee member. At the games, volunteers can be designated with a nametag, badge, or like-colored shirts.

Organization

Community Assistance

To gain community support for your tournament, engage local civic clubs or the school Booster Club as volunteers.

Hospitality

If possible, offering a Hospitality Room to visiting coaches, administrators, and media personnel adds to the enjoyment of your guests and helps to create a spirit of friendliness that will be a valuable asset in the administration of your tournament.

Promotion

Media & Social Media

We encourage you to include local media on any informational emails you send out regarding your schedule, ticketing, as well as sharing any media credentialing processes. Posting relevant information on social media and tagging competing schools is also a best practice. Please reserve space for media, especially if you expect your site to be at or near capacity.

Students

Make the student body in your school fully aware of the nature of the competition, either with the use of posters, the school paper, planned school PA announcements or interaction with student groups.

Programs *(See Royalty Policy on the IHSA Licensed Vendor page)*

Providing a tournament program adds to the enjoyment of fans attending the games. It should include the roster (players' numbers, first and last names, and other data) and any pertinent information about each team competing in the tournament. You may also include team pictures, sportsmanship reminders and school policies. *This, however, is not a requirement for your tournament.*

Radio and Broadcasting *(See Terms & Conditions for specific media requirements)*

Radio stations can broadcast audio only at no cost. Contests may be video streamed on the NFHS Network at no cost. If a State Series contest is not being streamed by the NFHS Network, it can be streamed by paying a media rights fee.

Courtesies To Teams

Parking Space for Buses

Most of the visiting teams will travel by bus or van. Parking space near to the gymnasium should be provided for the team buses or vans and for fan buses.

Instructions for Competing Teams

Be sure that all schools in your tournament are given adequate notice of the exact time when they are to play, when the gymnasium doors will be opened, location of dressing rooms, ticket prices, etc.

Equipment and Gymnasium

The Basket Assembly

Backboards and basket rings for IHSA Tournaments must adhere to specifications in the National Federation Basketball Rules Book

The Floor

The floor should be attended to with dust mops after each half.

Court Markings

The Local Manager should be certain that all court markings comply with NFHS specifications as stated in the 2024-25 Basketball Rules Book.

Safety Zone

In order to maintain the integrity of the playing surface and protect competitors, local managers of all tournament contests will create a safe zone *along the entire length of both*

baselines that will be devoid of any persons (such as cheerleaders or media personnel) or other obstructions. This safe zone will extend back three (3) feet from the baseline *on each side of the floor* towards the facility's back wall, stage, or bleachers.

Health and Safety

It is advisable to always have a physician or certified athletic trainer in attendance.

All sites are required to have an AED on site and available.

Sportsmanship

The ideals of good sportsmanship must be always maintained. Persons who refuse to cooperate should be reported to tournament management. If necessary, they should be removed from the premises.

Playing Schedule

All team pairings and playing schedules are drawn in the IHSA Office. They are released online following the team seeding process. Under no circumstances can changes be made in the pairings or in the order of games without permission from the IHSA Office.

Press Arrangements

Reports to Media

Alerting the state media, IHSA office and other teams and host sites within the tournament is the top priority and is covered by updating your score online via the IHSA ScoreZone. Assume this responsibility yourself or assign the duty to a working assistant. Complete the ScoreZone Report on the IHSA website immediately following each game. That means after game No. 1 of a doubleheader and again after game No. 2 of a doubleheader.

When reporting the results to ScoreZone and the media, make sure they are correct, the spellings of names are accurate, the scores are in proper order, the team names are accurate, etc. In addition, it would be most helpful to provide the media with information if a defending champion won or was defeated, the year in school of the top performers, records that may be established, who made and how the final deciding play(s) transpired, and other similar information, which can only embellish a potential story about your tournament.

Press Facilities

1) **Working Space**—Space shall be set aside to provide for news media representatives covering the tournament, whether they are from newspapers, radio stations, commercial television stations, etc. A "working press box" can consist of tables and chairs at courtside or on a stage or an extension of the scorer's bench at courtside (including bench top) or any other type of arrangement where the facility in which the tournament will be conducted can accommodate.

2) **Press Parking**—Reserved parking space for news media representatives covering the tournament should be provided as near to the "press entrance" or "pass gate" and the gymnasium as possible. Special equipment and/or special vehicles are used by the different types of news media and the reserved parking area can accommodate these needs. If such a reserved parking space for news media cannot be provided adjacent to the facility as outlined above, a procedure and pre-determined area for use by the news media for loading and unloading equipment is mandatory.

3) **Post-Game Interviews**—Access to a press interview area near the dressing rooms following the game(s) should be available to news media representatives, and plans and procedures for such post-game requirements should be developed in advance and distributed to the media covering your tournament, as well as the coaches of the participating teams.

4) **Photographers**—Restrictions concerning the area(s) in which photographers may work from, and of the facility in which the tournament is to be conducted, should be distributed in advance to photographers.

Photographers shall not enter the dressing room.

Photographers shall be allowed to work the tournament under reasonable conditions, as determined by the Local Manager in conjunction with the IHSA Policy regarding member school publicity (Policy No. 33 in the IHSA Official Handbook).

Spectator use of electronic lighting (flash photography) shall not be permitted during play.

Authorized news media representatives, who have identified themselves to the Local Manager (or designee), shall be permitted to use electronic lighting equipment (flash photography) throughout the course of the tournament. Such electronic lighting can be:

- 1) strobe lights mounted to fixed positions at the site
- 2) electronic strobe attachments mounted to a camera.

Local Managers should confer with the coaches of the teams participating in a contest before giving permission to authorized news media photographers to use strobe lighting mounted to fixed positions.

Local Managers should confer with game officials and authorized news media photographers before requiring photographers to cease use of electronic strobe attachments mounted to a camera because use of such equipment may be causing interference with the conduct of the contest.

Jubilation photographs shall be considered as a standard type of photography permitted following the conclusion of contests. Properly credentialed news photographers shall be permitted access to the arena floor following the conclusion of the competition to shoot jubilation photographs of players, coaches, fans, or other involved persons. Photographers shall be instructed by Local Managers when to retreat from the arena floor so that trophy or award presentations may get under way. All news photographers (whether they be television camera operators or still photographers) shall abide by these shooting rules.

5) **Working Media Admission**—Managers are urged to make every positive effort to honor requests for credentials from legitimate news media personnel. Most media members will have IHSA General Media Credential passes that allow them State Final access and identify them as legitimate media, however, some smaller media outlets may not have these passes, but may still be legitimate and should receive the same accommodations and access as other media.

All Local Managers must take into consideration the requirements for working press space when developing seating allocations in facilities to be used as the site of the tournament. It is mandatory that more space be reserved than is required for a regular season contest.

Originating Radio Stations:

In allocating space for radio stations approved in advance to originate broadcast(s) of the tournament by the Local Manager, priority is given: 1) to station(s) which cover the competing teams; 2) the station(s) representing the site of the

host school; 3) then to the stations which cover the geographic region involving the site and competing teams; 4) and finally to other stations. Assignment of best locations in the facility shall be based upon priority outlined above. Allocation of space will be dependent upon the facility.

Again, due to the nature of the system, it may be difficult for stations to write for broadcast space in advance. As a general rule, stations broadcasting games will be limited to a set of three (3) credentials (for play-by-play announcer, color man and engineer).

There are no broadcast fees for radio stations until the Super-Sectional level.

In all instances, radio stations originating broadcasts of games in the state basketball tournament series are required to assume expenses that are necessary and that have been contracted by the radio station and its vendors (i.e. telephone line charges, food and lodging for the broadcast crew, etc.).

Spot News TV Credentials:

Over-the-air and/or cable television stations may request credentials to send a film crew to the tournament (game) to shoot footage only for newscasts on that station. This is not approving a tape delay telecast of the complete game for playback. It may be difficult for stations desiring credentials to notify the Local Manager far in advance. Every positive effort should be made to provide credentials and space for television spot news film crews in line with the IHSA News Media Credential Policy.

In allocating space for television station spot news film crews, priority is given:

- 1) to stations covering the competing teams;
- 2) to the stations representing the host school;
- 3) then to stations which cover the geographic region involving the competing schools and host site;
- 4) and finally to other stations.

Video Streaming/Television (Live or Tape Delay):

Any entity seeking to broadcast an IHSA State Series contest via video streaming or television must complete the IHSA Broadcast Application (<https://www.ihsa.org/documents/media/Video%20Ap.pdf>) and send it to Matt Troha (mtroha@ihsa.org) and the Athletic Director at the host venue. Broadcast permission must be granted by the both the IHSA and the host venue.

Competing School Videotaping:

Videotaping will be allowed provided the local manager has a comparable area for both competing schools to videotape. When one school requests the video space, then the local manager shall provide similar space to both competing schools. Non-competing schools and spectators will be allowed to videotape games from the stands, provided they do not obstruct the view of participants and spectators.

Reports to IHSA Office

The financial form should be completed online in the Schools Center promptly after the conclusion of the tournament (**this form is an interactive form**).

NOTE: The financial report form provides for denoting live or tape delay television rights fees received. This should be done according to the Terms and Conditions and Television Policy as follows:

Streaming/TV Fees—Fees for all levels of competition below the State Final level shall be paid to the IHSA and shall become part of the revenue to be shared by the member school(s) and the Association according to the financial terms stipulated in these Terms and Conditions.

Radio Fees—Radio Broadcast Rights Fees are not required for any level of competition in this series (except State Final). Local Managers shall permit radio play-by-play originations of the competition.

Special Responsibilities (Boys and Girls Series):

Box Score Call to IHSA Office—Local Managers of Super-Sectionals will be required to email Emma Carstens (ecarstens@ihsa.org) at the IHSA Office following game(s) hosted by their school to report the complete game box score and/or other information. Special instructions are sent to each Local Manager. It is mandatory the Local Manager (or designee) comply before leaving the site of the tournament (game), where required.

Standard statewide base ticket prices have been established for all Class 1A - 4A Regional and Sectional tournaments. Tournament managers at these levels must charge the prices established by the Board of Directors. Season/Presale Tickets

In some areas it may be advisable to sell season tickets. This is a matter that each Local Manager should decide for his/her tournament. However, if season tickets are sold, they should be allocated to all of the participating schools, including the host school, on a proportional basis. No reduction in cost is available because of season ticket purchases.

1) Host schools must provide presale tickets to schools competing in Regional finals, Sectional semifinals and finals, and Super Sectionals (if hosted by a member school), if requested to do so by a competing team.

2) Per IHSA Board Policy 22, GoFan Digital Tickets will be the exclusive ticket option available for this sport at the Sectional and Super-Sectional rounds of the State Series. Any exceptions must be approved by the IHSA office.

3) Competing teams are responsible for all of the presale tickets they are given. All unsold tickets must be returned to the host at least three (3) hours prior to game time.

Regional final: Requests for presale tickets at the Regional finals must be made by Monday, February 24 for Classes 1A - 4A.

Sectional semifinals and finals: Requests for presale tickets at the Sectional semifinals and finals must be made by Friday, February 28 for Classes 1A - 4A.

4) See the ticket distribution plan for Super-Sectional information.

Avoid Leaving the Ticket Office Closed

Local managers should have an attendant on duty or have the office open in order that correct information regarding tickets may be obtained, even if all tickets have been sold.

Cautions about Local Enthusiasms

There is a tendency for schools to overestimate the strength of their team and, through their enthusiasm, buy tickets that, after their teams have been eliminated, rightfully belong to some other school. This causes a demand for the management to refund money on tickets or causes scalping of tickets between games. A good practice is to hold back tickets for successive sessions until it is known what teams will play in the given sessions. An equitable distribution is then made to the followers of the teams still in the tournament. This is necessary, especially where the seating capacity is insufficient to accommodate all who wish to attend.

Consider Convenience and Comfort of Patrons

1. Avoid long waiting periods for people to get into the gymnasium. The ushers and ticket takers should be at their posts at least one hour before the session starts and, if general admission is being sold, doors should open at a specified and advertised hour.

2. All artificial noise-making devices shall be excluded from the gymnasium. The use of band instruments shall be limited as explained in the terms and conditions Tournament Policies IX E. Also see National Federation Basketball Rules Book Rule 1, Section 18.

NOTE: Tournament managers should not permit spectators to bring megaphones into the gymnasium for cheering purposes. Cheerleaders may use megaphones.

Competing School Locations

The Board of Directors suggests Local Managers distribute tickets to the schools competing in the game(s) each session in such a fashion as to keep the spectators from competing schools separated. In single-game sessions, the Board suggests Local Managers seat spectators from one competing school on one side of the gymnasium and seat spectators from the other competing school on the opposite side of the gymnasium. In two-game sessions, the Board suggests that spectators from one of the schools in the second game be seated on one side of the gymnasium and that spectators from the other competing school be seated on the opposite side of the gymnasium. Local Managers should also be cognizant of rivalries when assigning seating to spectators on the respective sides of the gymnasium in a two-game session.

Neutral Zones Behind Team Benches

The Board of Directors recommends establishment of a neutral zone (buffer zone) in the stands directly behind the team benches and that seating in the neutral zone be carefully controlled to avoid harassment of coaches and players by fans.

Work with Visiting Personnel

Confusion and dissatisfaction among visiting spectators may be avoided by having someone connected with the visiting school make the distribution of tickets for them before each session. This ensures the school's fans being seated together, provided they cooperate with their representative by obtaining tickets in advance of sessions which they wish to attend.

Super-Sectional Winner Distribution of State Final Tickets, Passes, Etc.

Shortly before each Super-Sectional game, the IHSA office will ship to each Super-Sectional manager, via United Parcel Services (UPS), a box containing special instructions and other Information for the winning team's upcoming appearance in the State Final Tournament. It is the responsibility of the Super-Sectional manager (or designee) to maintain security of the parcel and, on the night of the Super-Sectional game, to give the parcel and its contents to the principal (or designee) of the school winning the game. The principal of each of the two schools competing in the Super-Sectional MUST be contacted before the contest by the Super-Sectional manager to make arrangements for distribution of the contents of the parcel immediately after the game has been concluded.

Competing Team Pass List

Prior to the start of the first-round tournament play, competing schools should complete and submit a pass gate list to the local manager. This form can be found in the IHSA Basketball Manual for Schools. On the nights that a school is competing, persons on a pass list for a given school should sign their names on the pass list next to their name on the form. The IHSA Pass List form explains which school personnel can attend contests during regional, sectional, and Super-Sectional tournaments. After receiving all the pass lists from schools competing in the tournament, a local manager should assign someone to serve as a Pass Gate doorkeeper to ensure that only those identified people from each competing school are admitted for free on the nights their team is competing.

Bulletins to Guests, Visiting Schools

All Local Managers are requested to develop a set of "Instructions to Competing Schools" and have a sufficient number printed for distribution to personnel from the visiting schools (administrators, coaches, cheerleader sponsor, etc.), personnel from the host school who will have the responsibility for the proper conduct of your tournament (bench officials, team hosts, ticket sellers, etc.), the floor officials, the news media and other personnel. These "Instructions to Competing Schools" should be sent in advance of the start of the tournament.

Information regarding the following should be included:

Local Conveniences

1. Give the location of the tournament headquarters and/or the Hospitality Room and tell what services are provided there.
2. Give instructions for getting special notices and announcements made. Demand that all notices and announcements be "cleared" through the Local Manager.

4. Give ticket price information.

Finances

1. Emphasize the necessity of each team's bringing ample funds to cover its expenses.
2. Give information as to price of admission.

Rules

1. Explain in detail any necessary special rules.
2. Be sure to have a clear understanding among managers, coaches, and officials about any necessary special regulations. Note that the rules adopted by the National Basketball Rules Committee, as published by the National Federation of State High School Associations, are to be used.
3. Call attention to the authority of the floor officials and Bylaw 6.033.
4. Give specific instructions for the color and numbering of the uniform(s) for each player.

Punctuality

1. Any team not ready to play at the appointed time should be penalized according to the procedure outlined in the current playing rules.
2. Give special instructions for furnishing the roster and starting lineup to the scorekeeper.

Behavior

1. Make it very clear that members of teams are to conduct themselves responsibly whether in a game, in the dressing rooms, in the audience or in the hotels/motels.
2. Each principal should be reminded that, in accordance with the provisions of Bylaw 1.020, an accredited faculty representative should be appointed who will be always present and responsible for the conduct of the competitors and persons from their school during their participation or attendance at the tournaments.
3. By-laws 2.040, 3.140, 6.011 & 6.012 which outline the responsibility of good sportsmanship on the part of all school representatives, should be quoted from the IHSAA Official Handbook and should be reproduced in the "Instructions to Competing Schools."

Dressing Room Arrangements

An attendant should be assigned to each dressing room and should remain on duty while the team is playing. It is of the utmost importance that the equipment and personal property of the visiting teams be safe guarded at all times.

Care of Property

You should disclaim responsibility for any losses suffered by players or others but adopt efficient means for insuring against such losses. Each team should adopt some method for caring for the team's money, watches, basketballs, and other valuables.

Tournament Time Schedule:

1. **See Terms and Conditions for time schedule.**
 2. **Introduction of Players.** The five (5) starting players and the head coach of the visiting team and the five (5) starting players and the head coach of the home team should be introduced (**Players from the respective teams should be introduced by alternating players from each team.**) Following player introductions the floor officials will be introduced by name and position. Tipoff should follow the National Anthem and player introductions. Both should be completed prior to the published tipoff time.
 3. **Required Announcements.** P.A. Announcements should be made at least once each game or session, as per instructions accompanying the announcements. (Required announcements are in this manual.)
- NOTE:** PA and Bench personnel shall be responsible to remain unbiased and non-partial towards participating teams.

1. Be on the job before, during and after sessions, and between sessions in a multiple-game session.
2. See that all helpers are in their places and are doing their duties.
3. Deliver scorebooks, etc., to Bench Officials 30 minutes before each session begins and get them after the close of each session.

2. Keep coaches, players, and spectators away from officials' dressing rooms.
3. Keep spectators out of team dressing rooms.
4. Insist that the teams and floor officials dress promptly and leave rooms as soon as reasonably possible.

Those in Charge of Dressing Rooms (Teams and Officials) Should:

Help with sweeping and other work under the direction of the general administrator.

Everyone Should:

1. Report evidence of unsportsmanlike conduct and other irregularities.
2. Be courteous, thoughtful, and tactful in dealing with tournament guests.

Floor Officials

The floor officials for each tournament are appointed by the IHSA Office. After the assignments are confirmed, manager will have access to the officials contact information through the Schools Center. Be sure to contact the officials with specific information about parking, etc.

A private dressing room should be provided for the floor officials. If possible, the room should be equipped with shower facilities; but, if no such facilities are available, a classroom or small office room will suffice. An attendant should see that no one except the officials is admitted.

Parking space should be provided for the officials.

Current basketball rules (Rules 2-2 through 2-8) empower floor officials to make decisions for infractions of rules committed whether within or outside the boundary lines from the 18 minutes warm-up before the scheduled starting time of the game through the approval of the final score. Be insistent that:

1. The floor officials are on the floor for the 18 minutes warm-up prior to the start of the game (or immediately following the conclusion of the preceding game of a session in which more than one game is played). The full

uninterrupted time allowed for warm-up by the teams competing in the next game is to be 18 minutes.

2. That the floor officials approve the final score by affixing their signatures to the official scorebook. This may be done at the scorer's bench or in their dressing room at the conclusion of the game.

Local Managers also should incorporate in their "Instructions to Competing Schools" By-law 6.033 which states the role of the floor official, namely: "The decisions of the game officials shall be final; protests against the decisions of a game official shall not be reviewed by the Board of Directors".

There is always the possibility that a floor official will be late. Avoid delay by having a capable local floor official, properly registered with the IHSA Office and eligible for post season assignment, ready to serve as a floor official in case of emergency. This can usually be done by giving such a person a pass to the games and have this person serve as a bench official other than the head scorer or head timer.

Bench Officials

Be extremely careful in your selection of the Bench Officials. One of the most important responsibilities of the Local Manager is the selection of experienced, efficient, adult Scorers and Timers, whose responsibilities are outlined in the current basketball rules (Scorers in 2-11 and Timers in 2-12), and "Instructions to Scorers and Timers", can be found in the Managers Manual. Avoid putting inexperienced people in these posts.

Be sure your Scorers and Timers are provided with sounding devices that can be heard. Make sure that they wear uniforms distinct from either team and that their table be located on the side of the court as outlined in Rule 2-11-12.

NOTE: The official scorer is required to wear a black and white vertically striped garment or have such a garment draped over the scorer's table in front of him/her/they.

Instruct your Bench Officials it is their responsibility before, during and after each game of the tournament that:

- a) The Official Scorer and Official Timer should have a conference with the Floor Officials at the scorer's and timer's table no later than 10 minutes before the start of the game to review game administrative procedures, equipment to be used by the Bench Officials and game situations.
- b) The Official Scorer should obtain the team roster with proper numbers and the starting lineup from each of the competing teams at least 15 minutes before the game begins.
- c) The Official Scorer should make sure that the scorekeeper from each of the competing teams be given rosters and numbers identical to those in his Official Scorebook.
- d) The Official Scorer must secure from the head coach of each of the two competing teams the head coach's signature in the Official Scorebook just prior to the start of the game, thus confirming that the Official Scorebook is correct regarding the players' names and numbers (as required in the Terms and Conditions).
- e) Both the Official Scorer and Official Timer are in their positions at the Scorer and Timer's table no later than 15 minutes before the game begins.
- f) During the game the Official Scorer shall verify the recording of each goal, each foul, each charged time out and each possession change with the scorer from each of the competing teams (as stipulated in Rule 2-11) and shall notify the referee at once if there is any discrepancy.
- g) At the conclusion of the first half and again at the conclusion of the game the Official Scorer must have the

official scorebook checked and approved by the referee and be sure to make the possession indicator in the proper position as the team's trade baskets.

h) At the conclusion of the game, after the referee has checked and approved the final score, the Official Scorer shall obtain the signature of each Floor Official verifying the results of the game and thus terminating the jurisdiction of the Floor Official. This may be done at the Scorer's bench or in their dressing room at the conclusion of the game. Do not obtain the signatures prior to the start of the game and do not permit the Floor Officials to sign the Official Scorebook at any time prior to or during the game.

NOTE: Be sure to have adult supervisors (or uniformed security personnel, if available) meet the Floor Officials at courtside or at the bench at the conclusion of the game and escort them to the dressing room.

i) Between halves of the preceding game in a multiple-game session, obtain the team roster, player numbers and the starting lineup of the teams scheduled to play the next game.

j) Keep score and time with absolute precision. A Timekeeper may change the outcome of a game by shortening or lengthening it a few seconds.

General Administration

Promptness Throughout the Tournament

Make the starting time definite and avoid starting late, thereby throwing the time of all games off schedule.

Players in Uniform/Protests

1) **Players in Team Uniform**-In each of the tournament games, a participating school is not limited to the number of dressed players. However, schools are limited to having a maximum of 22 total rostered players, coaches, high school-aged managers, statisticians, etc. Other than coaches, no non-high school students can be included In the school's 22 persons.

2) **Protests**-Should any formal protest be filed against any player participating in the tournament and should such protest be sustained by the IHSA Board of Directors, it would result in the nullification of any tournament game(s) won by the offending school.

Awards/Trophy Presentation

Awards supplied by the IHSA, which have been approved by the Board of Directors, shall be presented to the team winning the Regional and/or Sectional tournament immediately after the conclusion of the championship game of the respective tournament.

1) Awards to be presented will be shipped directly from the manufacturer to the Regional, Sectional and Super-Sectional hosts. The managers should instruct personnel at the school who may receive and sign for the award shipment to immediately bring the package to his/her office for examination for damage and for storage. If the shipment has not arrived two (2) days before the start of the Tournaments or if an award has been damaged in shipment, the manager should call the IHSA Office and report the status. The IHSA Office will notify the manufacturer and the award or replacement pieces will be shipped immediately to the manager.

2) Local Managers are urged to display the award(s) for view by fans attending the tournament if they can be

displayed in such a manner (in trophy case, etc.) that they are secured from potential damage.

3) The procedures to be followed in the Trophy Presentation Ceremonies should be incorporated into the written "Instructions to Competing Teams" that are distributed in advance of the start of the tournament. The instructions may include such information as location of the presentation, where representatives of the school(s) involved should position themselves, which representatives of the team(s) should take part in the ceremonies, a reminder of requirements for supplying the IHSA Office with photographs and other information about the team and school, etc.

4) It is appropriate to present the team winning the state series tournament with the nets used during the championship game. However, game management should remove the nets from the goals. **Do not allow players or coaches to cut the net down.**

Cheerleaders

A maximum of twelve (12) varsity Cheerleaders, one (1) Cheerleading Coach, and (1) Mascot in uniform of the teams scheduled to compete each day of the tournament should be given passes and/or their names should be placed on a pass list and they should be given access to the building and the arena floor provided:

1) The names of the Varsity Cheerleaders, Coach, and Mascot are provided in advance by the principal of each school participating in the tournament.

2) They appear with their pass or at the pass gate in their cheerleading uniform (or the uniform of the school mascot). In addition, Local Managers should instruct the principal of each competing school in the "Instructions to Competing Teams" that:

3) IHSA By-law 4.080 applies to all tournament contests. "All cheers, performances, routines, or other activities conducted by a school's spirit squads (i.e., cheerleaders, pom poms, flags, drill team) shall be conducted in accordance with the Spirit Rules published by the National Federation of State High School Associations."

4) The cheers they use, and involve fans with, are appropriate and cannot be construed as being unsportsmanlike or in poor taste (Bylaw 2.040).

Unexpected Situations

There is always the possibility that situations may arise that could not have been anticipated. For example, a floor or bench official, may fail to appear. In all such cases, the Local Manager is given full responsibility and authority to act. The Local Manager may seek such advice as is available from other school personnel, but the responsibility is upon, and the authority is in, the hands of the Local Manager.

BASKETBALL SCORER

INSTRUCTIONS AND RESPONSIBILITIES

RULES COVERAGE:

Rule 1-17: The scorer's location at the scorer's and timer's table must be clearly marked with an "x."

Rule 2-1-3: It is recommended that the official scorer and timer be seated next to each other.

Rule 2-4-3: The referee designates the official scorebook and the official scorer.

Rule 2-11: The duties and responsibilities of the official scorer are indicated. In case of doubt, signal the floor official as soon as conditions permit to verify the official's decision.

Rule 2-11-12: The official scorer is required to wear a black-and-white vertically striped garment.

RESPONSIBILITY:

The scorer's responsibility is so great that floor officials must establish the closest cooperation and understanding with them. The scorer must be accurate.

EQUIPMENT:

Scorebook, pencils, possession arrow and signaling device with sound different from that of the timer. The scorebook must be available for inspection at the table from 10 minutes prior to game time until the referee has approved the final score.

BEFORE THE GAME:

1. Ten minutes before scheduled game time, the scorer shall be supplied with each team's roster and numbers.
2. Ten minutes before scheduled game starting time, the scorer shall be supplied with the starting lineup.
3. Notify the referee if either list is not submitted on time or is altered after time specified.
4. If there are discrepancies, notify the referee before the ball is tossed.
5. Have coach sign that lineup is correct.

DURING INTERMISSIONS:

1. Either the official scorer or a delegated assistant must be at the scorer's table with the official scorebook at all times.
2. Verify the lineup after all intermissions and notify either floor official if a player, who has not reported, has entered the court.

DURING THE COURSE OF THE GAME:

1. The nonofficial scorers should check each entry with the official scorebook.
2. The scorers should:
 - a. Announce to each other and record the total running score.

 - c. Verify the scoreboard score.
 - d. Compare the summary of individual scores with the total running score at the end of each half.
 - e. Exchange the name and number of the player committing a foul and indicate the total fouls charged to the player.

1. P for personal foul, followed by proper numeral indicating number of personal fouls charged to player as P1, P2, etc., or cross out appropriate number.
2. T for technical foul (direct or indirect on coach).

5. Successful free throw: ⊗
6. Two or three free throws awarded:

8. Check the scoreboard often and have the progressive team totals available at all times. Points scored in the wrong basket are never credited to a player, but are credited to the team in a footnote. Points awarded for basket interference or goaltending by the defense are credited to the shooter. When a live ball goes in the basket, the last player who touched the ball causes it to go there.

NOTIFY THE NEARER OFFICIAL WHEN:

1. The bonus penalty is in effect after the fifth team foul in each quarter. The bonus display indicates two free throws are awarded for all common fouls (other than player-control). The proper bonus panel, such as (H for home and V for visitor) shall be displayed after the penalty for the fourth team foul has been administered. Another method is to activate a light or device nearest the basket of the team which is to receive the bonus.
2. Any player is charged with his or her fifth foul (personal or technical), the second technical foul is charged to any team member, bench personnel, directly to the head coach or the third technical foul is charged to the head coach.
3. Either team has been granted its allotted charged time-outs or an excess time-out.
4. The ball is dead or in control of offending players team if:
 - a. Player has not reported.
 - b. Player's number changed.
 - c. Player is illegally in game.
5. The ball is dead, if there is a score dispute or doubt about an official's decision.
6. Any player enters while wearing an illegal number.
7. The ball is dead and the clock is stopped or running, if the coach requests that a correctable error as in 2-10, or a timing, scoring or alternating-possession mistake be prevented or rectified.

SUBSTITUTIONS:

1. A substitution may be made when the ball is dead and time is out. A player who has been withdrawn may not re-enter before the next opportunity to substitute after the clock has been started properly following the player's replacement.
2. A substitute who is entitled and ready to enter must report to the official scorer. However, substitutions between halves shall be made to the official scorer by the substitute(s) or a team representative prior to the 15-second warning. When substitutes are not properly reported, the players in the game at the conclusion of the second quarter shall begin play in the third quarter.
3. Following a time-out or intermission, the substitute must report or be in a position to report prior to the warning signal.
4. A substitute may enter the court only when beckoned and must do so at once, except between quarters and during a time-out.
5. If a substitute reports to enter for a designated jumper or free thrower, the substitute may not enter until the next dead ball and time is out.
6. A substitute may not be beckoned, if multiple free throws are awarded, until the last throw is to be attempted or the final throw is successful (unless a player has been directed to leave the game by an official).
7. A substitute may replace a designated starter in case of illness or injury or to attempt a technical-foul free throw.

It is not permissible for a substitute to replace a designated jumper, or a free thrower when the free throw is for a personal foul, unless such jumper or free thrower is disqualified or injured. The scorer should not signal after the free thrower or thrower has been handed the ball or the ball is at the disposal of such player or team or until the official has completed reporting a foul.

BASKETBALL TIMER INSTRUCTIONS AND RESPONSIBILITIES

RULES COVERAGE:

Rule 2-4-2: The referee shall designate the official timepiece and its operator.

Rule 2-12: Duties and responsibilities of the timer are indicated. An efficient timer will carefully study these sections and become thoroughly familiar with all their responsibilities. The timer shall sound a warning signal 15 seconds before the expiration of an intermission, a time-out (60- or 30-second) and the 15-second interval to replace a disqualified or injured player, or a player directed to leave the game. The timer shall also signal when the time has expired for an intermission, a charged time-out or a replacement interval.

EQUIPMENT:

Electric clock timer and one stopwatch, or a table-clock timer and one or two stopwatches. A gong, loud siren or electric air horn to signal the end of playing time. When present, a red/LED light is permitted to end a quarter or extra period; otherwise, the audible signal ends the quarter or extra period.

BEFORE THE GAME:

1. The official timer should ascertain the game starting time and suggest that the referee and coaches synchronize their watches.
2. Review the official signals for starting the clock, time-out, a foul or violation.
3. Notify the scorer 10 minutes prior to the starting time.

TIMING REGULATIONS:

1. Playing time shall be:
 - a. For teams of high school age — four quarters of eight minutes each with intermissions of one minute after the first and third quarters and 10 minutes between halves. Halftime may be extended to a maximum of 15 minutes upon proper notification.
 - b. For teams younger than in (a) — four quarters of six minutes each with intermissions same as for (a).
2. Overtime Play:
 - a. If the score is tied at the end of the second half, play shall continue without change of baskets for one or more extra periods, with a one-minute intermission before each.
 - b. The length of each extra period shall be four minutes (or half the time of a regulation quarter for non-varsity contests).
 - c. As many such extra periods as are needed to break the tie shall be played. Game ends, if, at end of any extra period, the score is not tied.
 - d. Extra periods are an extension of the fourth quarter.
3. A time-out charged to a team is of either 60-seconds or 30-second duration unless both teams are ready to resume play sooner.
4. No time-out is charged to a team when:
 - a. The floor official grants a player's request because of displaced eyeglasses or lens.
 - b. A correctable error as in 2-10, or a timing, scoring or alternating possession mistake has been prevented or rectified.
5. The sounding of the scorer's signal or game horn does not cause the game timepiece to be stopped.

START THE OFFICIAL TIMEPIECE WHEN:

1. A tossed ball is legally tapped when play is started by a jump.
2. The ball touches a player on the court during a throw-in (if clock has been stopped).
3. An official signals "start the clock." If he or she neglects to do so, the official timepiece should be started unless an official specifically signals that it should not be started.
4. The ball touches or is touched by a player on the court provided the ball is to remain live if the free throw is missed. In these cases, the official will give the start-the-clock signal, but if he or she neglects to do so, the official timepiece should be started when it is apparent the ball touches a player and is to remain live.

STOP THE OFFICIAL TIMEPIECE WHEN:

1. Any period ends.
2. An official gives a time-out signal. The official will order time-out when:
 - a. A foul is called by holding hand with fingers closed at arm's length above head.
 - b. A jump/held ball is declared by giving the jump-ball signal (holding thumbs up at shoulder height away from body and motioning upward with both arms extended).
 - c. A violation occurs by giving the time-out signal (holding hand with fingers extended at arm's length above head) after which the proper violation signal is given.
 - d. There is to be a charged time-out, or an official's time-out for a technical foul, or other stoppage indicated by a floor official who holds a hand at arm's length above the head with fingers extended.

NEAR THE END OF PLAYING TIME:

1. If a watch is being used as the official timepiece, place it so that the timer may see it and the ball. The watch must be stopped the instant the signal ending the game is sounded.
2. When a timing device other than a watch is the official timepiece, the timer must assist in determining the position of the ball when time expires.
3. Some timers, in order to avoid misunderstanding concerning the position of the ball when time expires, have one person watch the official timepiece and count aloud 10 - 9 - 8 - 7, etc., while another person watches the ball and notes its position at the exact moment time expires.
4. If a quarter or extra period ends and:
 - a. The timer has been unable to make an official hear the signal, the timer must immediately notify the official.
 - b. The timing signal fails or is not heard by an official, the timer must be prepared to advise the referee as to whether the ball was in flight when time expired, or whether a foul occurred before or after the period had ended.
 - c. The timing signal is not heard by the officials, testimony of the timer may determine whether a score shall count or a foul shall be charged, unless the referee has information which would alter the situation.

Instructions to and Duties of the Announcer for IHSA Boys' and Girls' Basketball State Series Games

This document is provided to IHSA Boys' and Girls' Basketball State Series managers for their use and is created from information provided by the National Federation of the State High School Associations. Managers should make sure tournament announcers are given a copy of this prior to the regional, sectional, or super-sectional tournament for their review.

The announcer shall be prohibited from making an announcement while the clock is running and while the clock is stopped, and the ball is alive.... such as during a free throw, a throw in, etc. Doing so could potentially affect communications of coaches, players or be disconcerting

The announcer shall be prohibited from interrupting the game through the use of the microphone unless there is an emergency.

Announcements or comments shall be made during those times when there is a stoppage of the clock and the ball is not live, such as time outs, between quarters, pre-game, half time, and post-game.

The announcer is allowed to announce basic information that does not potentially affect the play in general, the players, the coaches, or the officials. The announcer's information is not official information and could be misinformation shared with all.

Appropriate training of announcers by school personnel and proper pre-game instruction by the Referee are necessary.

Announcer Responsibilities

The announcer's role does not include "cheering the home team on" or otherwise inciting the crowd. Doing so is common at other levels of athletic events. But high school athletics are different because sports are educationally based.

In a very real sense, the public address announcer at a high school event is a "Champion of Character".

He/She/They can influence the atmosphere of the contest by what is said and how it is said.

The announcer who performs professionally promotes good sportsmanship by what he/she/they and how he/she/they acts upon saying it.

Examples of Allowable Comments

- Player who scored (quick notification without extreme emphasis)
- Player charged with a foul
- Player attempting a free throw
- Team granted a time out
- Length of time out (30 seconds or 60 seconds)
- Player entering game
- Team rosters/starting lineup

Examples of Unapproved Comments

- Number of points player scored
- Number of fouls on player
- Number of team fouls
- Number of team times outs or number of time outs remaining
- Type of foul or violation
- Emphatic 2 or 3 point goal

General Information

2024-25 Academic School Year

Illinois High School Association

Emergency Action Plan (EAP)

In accordance with By-law 2.150, a school shall have on file for each student that participates (including practice) in interscholastic athletics a certificate of physical fitness issued by a licensed physician, physician's assistant or nurse practitioner as set forth in the Illinois State Statutes not more than 395 days preceding any date of participation in any such practice, contest or activity. As this By-law addresses pre-participation certification only, there is not a guideline or By-law in place to address release to interscholastic activity following an injury, with the exception of head injury/concussion. With the understanding that schools throughout the state have different needs and services available to them, this document was produced to provide guidelines on an athlete's return to activity following an injury.

Each school should have a written Emergency Action Plan (EAP) in place to address medical emergencies among athletes, staff, officials, and spectators, regardless of severity, occurring during a practice or competition. The plan should also address severe weather, fire, electrical failure, bomb threat, criminal behavior, or other possible emergencies. This plan should be developed to address the unique needs of the individual sport and venue.

EAP's should consist of the following components:

- Personnel
- Communication
- Equipment
- Emergency Medical Care
- Player Medical Information
- Game-day Responsibilities (includes appropriate sideline preparedness)
- Catastrophic Incident Plan

While each school's sports medicine/medical service needs and availability are different, guidelines should also be developed to assist the coaching staff on what injuries should be allowed to return to competition without a medical release. It is not practical to identify every situation or injury; however the following guidelines should assist the school/coaching staff on determining if the athlete should be allowed to return to activity without a release.

1. No swelling or deformity.
2. No headache, nausea, blurred vision, tingling, numbness or sensory changes.
3. Symmetrical (equal to the other side) joint range on motion and strength.
4. Ability to bear weight, without a limp, if injury occurs to the lower body.
5. Ability to complete full functional sporting activities without compensation.

Please remember that the majority of high school athletes are a minor. If there is a question as to their injury and ability to participate, the parents/guardian should be consulted.

Athletes that are unable to meet the above criteria should be encouraged to seek medical treatment prior to return to inter-scholastic activity. Those athletes that seek medical treatment should be required to provide a written medical release indicating their ability to participate. Without obtaining this release, the school may assume legal liability if the athlete is allowed to participate in activities not permitted by their medical provider.

A proper plan establishes accountability, should be comprehensive, yet flexible, practical, and easily understood. The written EAP must be revised, approved, distributed, and should be rehearsed regularly prior to every athletic season. The athletic department, administration, and sports medicine team share the responsibility to establish, practice, and execute the EAP.

A sample venue-specific is included as a part of this document, which was developed from portions of the third and fourth editions of National Federation of State High School Associations Sports Medicine Handbook. Persons interested in purchasing this handbook can do so at the following location: <http://www.nfhs.org/resources/publications/>

IHSA Protocol for Implementation of NFHS Sports Playing Rule for Concussions

“Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”

The above language, which first appeared in all National Federation sports rule books for the 2010-11 school term, reflects a strengthening of rules regarding the safety of athletes suspected of having a concussion, but not a revision in primary responsibilities in these areas. Previous rules required officials to remove any athlete from play who was “unconscious or apparently unconscious.” This revised language reflects an increasing focus on safety, given that the vast majority of concussions do not involve a loss of consciousness. However, the revised language does not create a duty that officials are expected to perform a medical diagnosis. The change in rule simply calls for officials to be cognizant of athletes who display signs, symptoms, or behaviors of a concussion from the lists below and remove them from play.

NOTE: The persons who should be alert for such signs, symptoms, or behaviors consistent with a concussion in an athlete include appropriate healthcare professionals, coaches, officials, parents, teammates, and, if conscious, the athlete him/herself.

Definition of a Concussion

A concussion is a traumatic brain injury that interferes with normal brain function. An athlete does not have to lose consciousness (be “knocked out”) to have suffered a concussion.

Behavior or signs observed indicative of a possible concussion

- Loss of consciousness
- Appears dazed or stunned
- Appears confused
- Forgets plays
- Unsure of game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Shows behavior or personality changes
- Can’t recall events prior to or after the injury

Symptoms reported by a player indicative of a possible concussion

- Headache
- Nausea
- Balance problems or dizziness
- Double or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish
- Feeling foggy or groggy
- Concentration or memory problems
- Confusion

This protocol is intended to provide the mechanics to follow during the course of contests/matches/events when an athlete sustains an apparent concussion. For the purposes of this policy, appropriate health care professionals are defined as: physicians licensed to practice medicine in all its branches in Illinois and certified athletic trainers.

1. During the pre-game conference of coaches and officials, the official shall remind the head coaches that a school-approved appropriate health care professional (who meets the description above) will need to clear for return to play any athlete removed from a contest for an apparent head injury.
2. The officials will have no role in determining concussion other than the obvious situation where a player is unconscious or apparently unconscious as is provided for under the previous rule. Officials will merely point out to a coach that a player is apparently injured and advise the coach that the player should be examined by the school-approved health care provider.
3. If it is confirmed by the school’s approved health care professional that the student did not sustain a concussion, the head coach may so advise the officials during an appropriate stoppage of play and the athlete may re-enter competition pursuant to the contest rules.
4. Otherwise, if an athlete cannot be cleared to return to play by a school-approved health care professional as defined in this protocol, that athlete may not be returned to competition that day and is then subject to his or her school’s Return to Play (RTP) protocols before the student-athlete can return to practice or competition.
5. Following the contest, a Special Report shall be filed by the contest official(s) with the IHSA Office through the Officials Center.
6. In cases where an assigned IHSA state finals event medical professional is present, his/her decision to not allow an athlete to return to competition may not be over-ruled.

Additional information regarding concussion has been made available to IHSA member schools and licensed officials and can be accessed on the IHSA Sports Medicine website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>

Concussion Information

Return to Play (RTP) and Return to Learn (RTL)

Background: With the start of the 2010-11 school term, the National Federation of State High School Associations (NFHS) implemented a new national playing rule regarding potential head injuries. The rule requires “any player who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not return to play until cleared by an appropriate health care professional.” In applying that rule in Illinois, it has been determined that only certified athletic trainers, advanced practice nurses (APN), physician’s assistants (PA) and physicians licensed to practice medicine in all its branches in Illinois can clear an athlete to return to play the day of a contest in which the athlete has been removed from the contest for a possible head injury.

In 2015, the Illinois General Assembly passed the Youth Sports Concussion Safety Act, and this legislation, among other items, required schools to develop Concussion Oversight Teams and create Return to Play (RTP) and Return to Learn (RTL) protocols that student-athletes must meet prior to their full return to athletic or classroom activity.

Mandatory Concussion Education

Required concussion education for all athletic coaches and marching band directors is another component of the Youth Sports Concussion Safety Act passed by the Illinois General Assembly in the fall of 2015.

The IHSA program includes two video presentations and other supplementary materials that ALL high school athletic coaches, marching band directors, and Concussion Oversight Team members need to review prior to taking a required exam over the curriculum. Individuals will be required to demonstrate proficiency on the exam by scoring at least 80% in order to serve as an athletic coach or marching band director at an IHSA member school.

The program offers training in the subject matter of concussions, including evaluation, prevention, symptoms, risks, and long-term effects. Coaches will be able to access the program after logging into the IHSA Schools Center and clicking on the “CON” tab, which will be located under the ‘Departments’ heading on the Schools Center homepage.

For more information on the Youth Sports Concussion Safety Act, including specific requirements of the law and other concussion education providers besides IHSA, individuals can access Sports Medicine resources on the IHSA website at <http://www.ihsa.org/Resources/SportsMedicine.aspx>.

For those first adopters of this training, new curriculum from the IHSA/IESA is expected to be released in March of 2018 so those whose training will expire in 2018 will be able to remain in compliance with the law.

STUDENT MEDIA CREDENTIALS FOR PARTICIPATING SCHOOLS

Congratulations on qualifying for an IHSA state final in a team sport. In order to provide the best possible coverage of this event for your school newspaper, yearbook and AV club, etc. you are entitled to have up to three students receive credentials to cover this event as official media members. In the event that you have less than three students, an adult sponsor may be included on this list. To apply for student media credentials, please have your Athletic Director or an individual involved with the aforementioned programs email Matt Troha (mtroha@ihsa.org) at the IHSA with the following information:

- 1) The names of individuals attending
- 2) Whether they are students or adults
- 3) If the attending individuals will serve as reporters, photographers, videographers, etc.

Student media who are registering for credentials are expected to maintain a level of professionalism while covering this event. That includes no cheering while in the press box or game coverage area. Proper attire is also required. Wearing school shirts and colors is acceptable, but students wearing face paint, costumes, carrying props, etc. will be required to change before receiving credential clearance.

The individual applying for student media credentials will receive specific information on credential pick up and media regulations at the event via email in the days leading up to the state final.

Please note that student media credentials are only available for state final events in team sports. Due to the sheer volume of schools who qualify in individual sports, our press facilities would be unable to accommodate student media from all participating schools in individual sports. Student media are also welcome to cover IHSA state final activities. Credentials are not required for these events, but please have your students check-in with state final personnel upon arrival for media coverage regulations.

VIDEO TAPING STATE FINALS FOR COACH FILM BREAKDOWN

Each school will be eligible to receive a pass for an individual attending the state final event to shoot game film that is for the sole purpose of being used by the coaching staff for postgame breakdown. Passes for videographers shooting highlight videos, documentaries, etc. should be included in student media application reference above. Additional passes for videotaping purposes will need to come from the allotment of state final passes given to school/head coach at or prior to the state final event.

To apply for a credential to shoot video, please have your Athletic Director email Matt Troha (mtroha@ihsa.org) at the IHSA with the name of the individual who will be taping and whether they are an adult or a student.

Please contact Matt Troha (309-6336-377) at the IHSA or any questions related to this document.

INTERNET VIDEO BROADCASTING INFORMATION

The advent of greater broadcasting technology has brought about many new potential internet broadcasting partners who may contact you seeking to broadcast the postseason IHSA events you host.

The IHSA's official broadcast partner, the NFHS Network, has the first right to exclusively broadcast any postseason IHSA event. If your school streams on the NFHS Network, via either the School Broadcast Program or a fixed Pixellot camera system in your gym or stadium, then you are encouraged to exclusively stream any/all postseason games you host. Additionally, if an NFHS Network school competing in the postseason tournament you are hosting would like to broadcast on the NFHS Network, they should be given exclusivity to do so as well. The NFHS Network also partners with several third party media companies, who should be granted the same exclusivity to broadcast as a school.

If you as the postseason host are not an NFHS Network school, and no competing school contacts you about broadcasting on the NFHS Network, at that point, a third party can be granted the rights to broadcast the event on the internet. In this instance, a broadcast rights fee is due to the IHSA. The internet streaming fee schedule is listed below. Potential broadcasters should be directed to complete and submit the IHSA Broadcast Application form from the IHSA website (TV fee schedule also located in this application), which can be found here: www.ihsa.org/documents/media/Video%20Ap.pdf

If at any time you ever have questions on the fees or any other matters related to broadcasting or media, please email/call Matt Troha at the IHSA office (mtroha@ihsa.org or 309-663-6377).

For IHSA Tournaments

Effective February 18, 2015

The use of unmanned aerial vehicles ("UAV"), also known as drones, is prohibited for any purpose by any persons at IHSA tournament venues. Tournament management shall refuse admission or entry to anyone attempting to use a UAV; and if necessary, tournament management shall remove anyone attempting to use a UAV and/or confiscate the UAV until the event has been completed.

For purposes of this policy, a UAV is any aircraft without a human pilot aboard the device.

An exception to this policy may be made in specific cases for IHSA broadcast partners, provided the management of the tournament facility permits the presence of UAVs for broadcast purposes under the control of the IHSA.

IHSA State Series Press Box Priority List

IHSA State Series hosts that utilize a Press Box for its contests will need to follow the IHSA State Series Press Box Priority List Policy (Policy 37-C-1) for postseason contests, including football playoff games. This procedure was passed by the IHSA Board of Directors via a recommendation from the IHSA News Media Advisory Committee.

The order below is the preference that should be given when allowing entry and seating to the Press Box for IHSA postseason contests, including football playoff games:

IHSA Press Box Priority List

1. Official Timer
2. Scoreboard Operator
3. Public Address Announcer
4. Public Address Spotter
5. Official Scorer/Statistician (if applicable. One spot per team for football playoff games)
6. Coaches
7. IHSA Broadcast
8. School broadcast
9. Home/Visiting Radio (priority given to season-long coverage or # of games covered, 2 individuals per station unless space allows for more)
10. Other Television/Internet Streaming (if approved by IHSA/host)
11. Other radio (2 individuals per station unless space allows for more)
12. Print Media
13. VIPs, fans, boosters, parents, etc.

*If space cannot be provided for home/visiting radio, all efforts should be made to accommodate space in the bleachers or in another area with optimal sightlines.

**Special areas adjacent or connected to the press box that have been built or functioned specifically as seating for booster clubs or other fans can continue to be used as such. An area in the working press box cannot be designated as a booster/fan area if all of the other members of the Press Box Priority List have not yet been accommodated.

***The IHSA Press Box Priority List is not applicable for regular-season contests.

Please Contact IHSA Media Relations liaison Matt Troha (mtroha@ihsa.org) with any questions

School's Responsibility: Sportsmanship

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE SEASON

1. Send a reminder card or email to the officials after you have them scheduled.
2. Reminder should include date of contest, time, level, location and sport. Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director. Avoid embarrassment.
3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
 - a. Provide a reserved parking space.
 - b. Meet officials and take them to the dressing room.
 - c. Have refreshments available for halftime and postgame.
 - d. Ask for any additional needs.
 - e. Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
 - f. Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

1. Insist coaches display good sportsmanship and are proper examples for your players and crowd.
2. Have your public address announcer or cheerleader read the IHSA sportsmanship statement and remain unbiased during contest.
3. Make sure the event supervisor understands the duties and responsibilities pertinent to that contest.
4. Make sure the playing area is maintained during halftime of each contest. For wrestling, make sure the mat is properly cleaned and washed.
5. Help with adverse weather conditions; monitor accordingly.
6. Make sure proper crowd control is visible and in place. Good administrative control can prevent difficult situations.
7. Observe the crowd during the contest and prevent any disturbances that may occur.
8. Work with the official during the game regarding crowd control.
9. Retrieve the game ball at the end of the contest.
10. Escort the officials back to the dressing room at halftime and at the conclusion of the contest.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL AFTER THE CONTEST

1. Escort the officials safely back to the dressing room and parking lot.
2. Do not allow unauthorized persons in the dressing room after the game. This includes coaches.
3. Have refreshments available for the officials after the contest.
4. Be sure to thank the officials for their time and effort, regardless of the outcome of the game.
5. Make sure arrangements for paying the officials have been completed. It is preferable to pay the official the day of contest.
6. Ensure that officials are not confronted by anyone after the contest.
