In the event of a hard break, pins should be reset at the time of the break on the new lanes. One practice ball on each new lane will be allowed for each bowler as a warmup. The round must be finished on the new lanes regardless of the original pair being repaired.
- 8) **State Final Round 1 and Round 2 Blocks:** 6 lanes make up a block. 24 teams will be assigned to one of 5 blocks. 30 individual qualifiers will also be assigned to one of the 5 blocks. When two "Individual Teams" are placed in a block, they shall be assigned to the same pair of lanes. Round 1 and Round 2 assignments are based on the luck of the draw. Note: Individual qualifiers from the same school will stay together for Rounds 1 and 2 but not for Rounds 3 and 4. A true seed will be used for Rounds 3 and 4 and therefore no accommodation shall be made for individuals from the same school.

- 9) **State Final Round 1 and 2 Rotation:** Teams will rotate within their block after each game. Bowlers initially starting on the even numbered lane will rotate one pair of lanes to the right within the block. The bowlers starting on the odd numbered lane will rotate one pair of lanes to the left within the block. Following Round 1 teams initially assigned to an even lane will rotate two blocks to their right to start Round 2. Teams that were initially assigned to odd lanes will rotate two **blocks to their left to start Round 2.**

- 10) **State Final Round 3 and Round 4 Blocks:** The top 4 teams and top 10 individuals will be placed in one block. The next 4 teams and next 10 individuals will be placed in a new block followed by the remaining 4 teams and remaining 10 individuals placed in the final block using the same format. The seeds will be placed in the block of lanes so that the best seeds will be next to each other for the final game of the round. After Round 3 and for Round the seeded blocks will rotate so that the seeded positions are rotated to new blocks.

- 11) In the Bowling Chair Class, competitors will bowl their series at both the sectional and state finals without rotating pairs of lanes.

G) **State Final Lane Assignments and Conditions**

Forming a High School Bowling Program

If your area or state does not currently operate an interscholastic high school bowling program, it's time to get started! Outlined below are the steps to follow.

I. Beginning a New Program

- *Determine interest level among Bowling Industry Partners (ABC, BPAA, WIBC, YABA)*
- *Designate a leader*
- *Create a Task Force, Committee or Advisory Board*
- *Learn about the National HSB program and do your state research*
- *Create your own individualized state program, utilizing interscholastic association advice*
- *Approach schools – athletic directors, principals, superintendents*
- *Advertise to students*
- *Hold tryouts and practice*
- *Compete 10-12-14 weeks*
- *Conduct post-season tournaments*
- *Evaluate and revise, if necessary*
- *It is recommended that this procedure be followed at the state level to ensure that all programs across a state are operating under the same guidelines. However, it can also be used on a local level if there is not sufficient interest across an entire state.*
- **REMEMBER:** *If there are no operating teams, it is recommended that at least four teams be organized to form a conference. Organizing only one team will not work since that team will have no one against whom to compete!*

II. Joining an Existing Conference

Determine if your state interscholastic athletic association recognizes bowling as a high school sport

Meet with the bowling center that is closest to the high school to determine interest in hosting a team.

- If it does:
 - Meet with the school Athletic Director to determine how to join the conference in which the school regularly competes and how to start a new varsity sport team at the school.
 - Recruit a school (staff) sponsor and/or coach
 - Advertise to students
 - Hold tryouts and practice
 - Compete

I. Scoring and Formats

- There are several types and formats for High School Bowling Competition. The most popular and frequently utilized are illustrated below.

II. High School Bowling USA recommends the use of scratch competition for interscholastic programs

- Typically, bowling leagues utilize a handicapping system in order to enhance the competition for players of different levels of ability. However, interscholastic competition recognizes top performance of athletes in a sport, without the utilization of bonus/handicap points to level the playing field. Schools are grouped by size in “conferences” to better match talent and ability.
- There are two scoring systems of play utilized in high school interscholastic competition today with many interscholastic programs using both systems.

III. Standard Tenpin Scoring*

- A game of standard tenpin scoring consists of ten frames with a player delivering two balls in each of the first nine frames unless a strike is scored. In the tenth frame, a player delivers three balls if a strike or spare is scored. Every frame must be completed by each player bowling in regular order.

IV. Baker System Scoring*

- Unlike the Standard Scoring where each player records his or her own game score and the totals are added for a team total, the Baker System has players combining for one single game score. With each of the athletes completing frames during the game, the Baker System of play is best described as a bowling relay that creates interdependence within a team to achieve success.
- The Baker format is mainly used in five-person team competition where the number one bowler completes the first and sixth frames, the number two bowler completes the second and seventh frames, the number three bowler completes the third and eighth frames, the fourth bowler completes the fourth and ninth frames, and the number five bowler completes the fifth and tenth frames.

V. Formats

- While the game of bowling is traditionally recognized as an individual effort, those individual scores are also traditionally combined to form team totals. Individual recognition only occurs in interscholastic competition at the state championship level.

VI. Match Format

- Utilizing the standard tenpin scoring system, most programs currently have teams bowl more than one game to create a match. Various combinations of the following are utilized for team competition:
- All scores are combined, with total match pinfall determining the match winner.
- Athletes’ scores are combined each game; highest pinfall determines the winner of the game; most games won determines the winner of the match.
- Athletes compete individually against the corresponding player of the opposing team. Each individual match won is awarded a point. Match wins are then determined by total individual points won for all games bowled or by number of games won, which is determined by most individual points won each game.
- Standard and Baker scoring are combined with the athletes utilizing any of the above formats for one or two standard games then changing to five person Baker teams for an additional one to five games.
- **Please note, substitutions are allowed in interscholastic competition. The starting student-athlete once removed from competition cannot return to bowl for the remainder of the standard team game or the Baker System game.*

I. What Our Schools Believe

- *Sportsmanship is a core value, and its promotion and practice are essential. All persons involved in interscholastic athletics and activities are expected to be positive role models.*

II. Sportsmanship of School Representatives By - laws 2.041

- Students, school staff, boards of education, spectators and all other persons connected directly or indirectly with a member school shall practice and promote the highest principles of sportsmanship and the ethics of competition in all interscholastic relationships.

III. SAWA Report

- *Let's Recognize Good Sportsmanship!*
- The IHSA has a Sport A Winning Attitude (SAWA) Report form online through the School Center. Good sportsmanship can be recognized as well by our office. Simply report to the IHSA (using the online form) an exceptional situation that occurred in a contest. IHSA will follow up on this with the school involved with good sportsmanship.

IV. Guidelines for Illinois High School Association Bowling Programs

- Cheering at games and meets is a great way to show sportsmanship, but cheering should always be positive. Bowlers should observe the following:
 - A) Cheers should be in celebration of a great play or in support of your team or team member.
 - B) Cheering should never be an "in your face" sort of cheer that make fun of, belittles, or otherwise puts down another bowler, opponent, or coach.
 - C) Cheers may be loud, organized, and enthusiastic, but screaming is not acceptable.
 - D) Be courteous and keep your cheers in good taste and performed with a sportsmanlike attitude.
 - E) Bowlers shall not participate in any changing, cheering, or noisemaking while on the approach.

V. Illinois High School Association Special Report

- *Process to Address Questionable Behavior*
- First talk to the coach of the participants who you have a concern with. Work cooperatively to resolve the issue. Use the sportsmanship guidelines to determine what the problem is. If the guidelines are not being followed, and the issue is not fully resolved, talk to your athletic director or principal about it. Ask your administration to help. Typically, both athletic directors will communicate with each other and reach a good outcome. If the school administration does not feel like there has been a good resolution, then the athletic director can file a Special Report with the IHSA. IHSA will check into the situation and assist in getting schools to collaborate. Good communication is always the best way for everyone to benefit.

Illinois High School Association

Manager Additional Information

I. Warm-Up Time

- Managers, if there is a lane breakdown during warm-ups, please ensure the school gets the full 15 minutes to warm up.
- Please remind coaches, if you are bowling next to an open lane you must wait for your last bowler to complete their warmup frame before the first bowler starts on the open lane.

II. Spacer Lanes

- Spacer lanes are allowed to be used at regionals and sectionals. They are strictly optional, to be used at the discretion of the hosts.

III. Ladders

- Hosts and host houses have the option to state that no ladders will be allowed in facility during the state series. If ladders are not allowed hosts shall notify competing schools prior to the start of the event.

IV. Electronic Devices

- Please remind coaches to use discretion when using electronic devices, if at any time electronic devices become a distraction for other competitors they should be put away. Remember receiving any kind of coaching information from electronic devices is illegal. Electronic devices can only be used for score keeping purposes.

V. Number of Participants in the Pit

- Per the Terms and Conditions, the coach(es), the eight bowlers participating, and the official scorer (if used) are the only people allowed in the pit area. Subs can sit directly behind their team outside of the pit, but they are not required to do so.

VI. Sportsmanship

- Please remind coaches to remind their players, they set the tone for sportsmanship. Bowling has always had strong tradition of having excellent sportsmen and sportswomen, please work together to keep this tradition alive

General Information

2024-25 Academic School Year

Illinois High School Association

Emergency Action Plan (EAP)

In accordance with By-law 2.150, a school shall have on file for each student that participates (including practice) in interscholastic athletics a certificate of physical fitness issued by a licensed physician, physician's assistant or nurse practitioner as set forth in the Illinois State Statutes not more than 395 days preceding any date of participation in any such practice, contest or activity. As this By-law addresses pre-participation certification only, there is not a guideline or By-law in place to address release to interscholastic activity following an injury, with the exception of head injury/concussion. With the understanding that schools throughout the state have different needs and services available to them, this document was produced to provide guidelines on an athlete's return to activity following an injury.

Each school should have a written Emergency Action Plan (EAP) in place to address medical emergencies among athletes, staff, officials, and spectators, regardless of severity, occurring during a practice or competition. The plan should also address severe weather, fire, electrical failure, bomb threat, criminal behavior, or other possible emergencies. This plan should be developed to address the unique needs of the individual sport and venue.

EAP's should consist of the following components:

- Personnel
- Communication
- Equipment
- Emergency Medical Care
- Player Medical Information
- Game-day Responsibilities (includes appropriate sideline preparedness)
- Catastrophic Incident Plan

While each school's sports medicine/medical service needs and availability are different, guidelines should also be developed to assist the coaching staff on what injuries should be allowed to return to competition without a medical release. It is not practical to identify every situation or injury; however the following guidelines should assist the school/coaching staff on determining if the athlete should be allowed to return to activity without a release.

1. No swelling or deformity.
2. No headache, nausea, blurred vision, tingling, numbness or sensory changes.
3. Symmetrical (equal to the other side) joint range on motion and strength.
4. Ability to bear weight, without a limp, if injury occurs to the lower body.
5. Ability to complete full functional sporting activities without compensation.

Please remember that the majority of high school athletes are a minor. If there is a question as to their injury and ability to participate, the parents/guardian should be consulted.

Athletes that are unable to meet the above criteria should be encouraged to seek medical treatment prior to return to inter-scholastic activity. Those athletes that seek medical treatment should be required to provide a written medical release indicating their ability to participate. Without obtaining this release, the school may assume legal liability if the athlete is allowed to participate in activities not permitted by their medical provider.

A proper plan establishes accountability, should be comprehensive, yet flexible, practical, and easily understood. The written EAP must be revised, approved, distributed, and should be rehearsed regularly prior to every athletic season. The athletic department, administration, and sports medicine team share the responsibility to establish, practice, and execute the EAP.

A sample venue-specific is included as a part of this document, which was developed from portions of the third and fourth editions of National Federation of State High School Associations Sports Medicine Handbook. Persons interested in purchasing this handbook can do so at the following location: <http://www.nfhs.org/resources/publications/>

STUDENT MEDIA CREDENTIALS FOR PARTICIPATING SCHOOLS

Congratulations on qualifying for an IHSA state final in a team sport. In order to provide the best possible coverage of this event for your school newspaper, yearbook and AV club, etc. you are entitled to have up to three students receive credentials to cover this event as official media members. In the event that you have less than three students, an adult sponsor may be included on this list. To apply for student media credentials, please have your Athletic Director or an individual involved with the aforementioned programs email Matt Troha (mtroha@ihsa.org) at the IHSA with the following information:

- 1) The names of individuals attending
- 2) Whether they are students or adults
- 3) If the attending individuals will serve as reporters, photographers, videographers, etc.

Student media who are registering for credentials are expected to maintain a level of professionalism while covering this event. That includes no cheering while in the press box or game coverage area. Proper attire is also required. Wearing school shirts and colors is acceptable, but students wearing face paint, costumes, carrying props, etc. will be required to change before receiving credential clearance.

The individual applying for student media credentials will receive specific information on credential pick up and media regulations at the event via email in the days leading up to the state final.

Please note that student media credentials are only available for state final events in team sports. Due to the sheer volume of schools who qualify in individual sports, our press facilities would be unable to accommodate student media from all participating schools in individual sports. Student media are also welcome to cover IHSA state final activities. Credentials are not required for these events, but please have your students check-in with state final personnel upon arrival for media coverage regulations.

VIDEO TAPING STATE FINALS FOR COACH FILM BREAKDOWN

Each school will be eligible to receive a pass for an individual attending the state final event to shoot game film that is for the sole purpose of being used by the coaching staff for postgame breakdown. Passes for videographers shooting highlight videos, documentaries, etc. should be included in student media application reference above. Additional passes for videotaping purposes will need to come from the allotment of state final passes given to school/head coach at or prior to the state final event.

To apply for a credential to shoot video, please have your Athletic Director email Matt Troha (mtroha@ihsa.org) at the IHSA with the name of the individual who will be taping and whether they are an adult or a student.

Please contact Matt Troha (309-6336-377) at the IHSA or any questions related to this document.

INTERNET VIDEO BROADCASTING INFORMATION

The advent of greater broadcasting technology has brought about many new potential internet broadcasting partners who may contact you seeking to broadcast the postseason IHSA events you host.

The IHSA's official broadcast partner, the NFHS Network, has the first right to exclusively broadcast any postseason IHSA event. If your school streams on the NFHS Network, via either the School Broadcast Program or a fixed Pixellot camera system in your gym or stadium, then you are encouraged to exclusively stream any/all postseason games you host. Additionally, if an NFHS Network school competing in the postseason tournament you are hosting would like to broadcast on the NFHS Network, they should be given exclusivity to do so as well. The NFHS Network also partners with several third party media companies, who should be granted the same exclusivity to broadcast as a school.

If you as the postseason host are not an NFHS Network school, and no competing school contacts you about broadcasting on the NFHS Network, at that point, a third party can be granted the rights to broadcast the event on the internet. In this instance, a broadcast rights fee is due to the IHSA. The internet streaming fee schedule is listed below. Potential broadcasters should be directed to complete and submit the IHSA Broadcast Application form from the IHSA website (TV fee schedule also located in this application), which can be found here: www.ihsa.org/documents/media/Video%20Ap.pdf

If at any time you ever have questions on the fees or any other matters related to broadcasting or media, please email/call Matt Troha at the IHSA office (mtroha@ihsa.org or 309-663-6377).

School's Responsibility: Sportsmanship

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE SEASON

1. Send a reminder card or email to the officials after you have them scheduled.
2. Reminder should include date of contest, time, level, location and sport. Even though many schools and conferences have assignment chairpersons, sending a reminder is highly recommended. When an official does not show, people in your community won't know who the assignment chairperson is, but they do know the athletic director. Avoid embarrassment.
3. Have a standard wage scale set for your different sports and levels and a method in place to raise the pay periodically.
4. If possible, let the working officials know who their partner(s) will be.
5. Hire police and security along with medical assistant or athletic trainer coverage for events whenever possible.
6. Set a policy with your school board on fan, coach and player behavior.
7. Make sure all officials have a contract that is signed by your school—preferably by the principal or IHSA Official Representative.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL PRIOR TO THE CONTEST

1. Prior to the contest, provide the officials with directions and inform them of any special activities that might be occurring (i.e., Homecoming, Senior Night, etc.)
2. Give the official a number they can call in case of an emergency or postponement due to weather.
3. Have competent workers assigned at all contests (scorers, announcers, chain crew, etc.). These people are of great assistance to the official during the contest.
4. Have a host assigned to meet the officials as they arrive. The host should do the following for the officials:
 - a. Provide a reserved parking space.
 - b. Meet officials and take them to the dressing room.
 - c. Have refreshments available for halftime and postgame.
 - d. Ask for any additional needs.
 - e. Introduce the officials to those game workers pertinent to the contest (i.e., scorer, announcer, chain gang, etc.).
 - f. Get the proper pronunciation of officials' names so they are correct when given by the public address announcer.
5. Athletic director should discuss with the officials any special events, conference rules, national anthem time, etc. that would affect the game.
6. Provide the officials with the name of the adult supervisor for that contest and where that person can be found in the event a challenging situation should occur.
7. Make officials aware of location of an athletic trainer or other first responders during the contest. Have a doctor on site when possible (especially at football contests).
8. Make sure all bench personnel are properly attired.
9. Do a check on game scoreboards and lighting systems prior to the game or contest.
10. Make sure the playing area is properly marked and meets National Federation guidelines for that contest.
11. Provide appropriate secured dressing area and hot water showering facilities.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL DURING THE CONTEST

1. Insist coaches display good sportsmanship and are proper examples for your players and crowd.
2. Have your public address announcer or cheerleader read the IHSA sportsmanship statement and remain unbiased during contest.
3. Make sure the event supervisor understands the duties and responsibilities pertinent to that contest.
4. Make sure the playing area is maintained during halftime of each contest. For wrestling, make sure the mat is properly cleaned and washed.
5. Help with adverse weather conditions; monitor accordingly.
6. Make sure proper crowd control is visible and in place. Good administrative control can prevent difficult situations.
7. Observe the crowd during the contest and prevent any disturbances that may occur.
8. Work with the official during the game regarding crowd control.
9. Retrieve the game ball at the end of the contest.
10. Escort the officials back to the dressing room at halftime and at the conclusion of the contest.

SCHOOL'S RESPONSIBILITY TO AN OFFICIAL AFTER THE CONTEST

1. Escort the officials safely back to the dressing room and parking lot.
2. Do not allow unauthorized persons in the dressing room after the game. This includes coaches.
3. Have refreshments available for the officials after the contest.
4. Be sure to thank the officials for their time and effort, regardless of the outcome of the game.
5. Make sure arrangements for paying the officials have been completed. It is preferable to pay the official the day of contest.
6. Ensure that officials are not confronted by anyone after the contest.

Do What's Right! Sportsmanship

DWR Expectations

1. Represent your school and community favorably through positive interaction with opposing fans and players before, during, and after the competition.

4. Respect and acknowledge the integrity and judgment of officials.
5. Exhibit positive behavior in both personal interaction and social media comments.
